Being forwarded USC are copies of the QRPHONE/1 training report, the [] evaluation, contact reports of meetings with QRPHONE/1, a WOGEAR review of QRPHONE/1's book and some notes made by the STFLIMFLAM Headquarters officer, [] after his meetings with QRPHONE/1. These are for the information of both LCPIPIT and London Station and, taken together, should give you both the flavor of the variety of measures taken to assess the operational potential of QRPHONE/1.</p> <p>2. During [] TDY at Headquarters we discussed the necessity of having QRPHONE/1 undergo an intensive seven day STFLIMFLAM training program to be conducted [] It is our opinion that in order for this training to be of maximum benefit, QRPHONE/1 [] ought to be ensconced in a safehouse facility which provides security, comfort and an atmosphere conducive to learning. It is important that the training be conducted in a locale which will allow QRPHONE to give his full attention without being disturbed by his multitude of business and social contacts. Therefore, we recommend that LCPIPIT rent a cottage or beach house away from [] for the duration of the training cycle. In discussing this with QRPHONE, he readily agreed and indicated that there would be no difficulty in getting away from his family for as long as we thought necessary. 3. As indicated in the reference we solicit comments from LCPFIT and London Station on the results of our varied assessments of QRPHONE/1 and our decision to move ahead in the new operational directions described in OKPW-1661. We view the coming year as a trial one for these purposes and the Project Renewal has been submitted with that understanding clearly described.

MEMORANDUM FOR: Chief, WOLINE

SUBJECT: Completion of Training Report for QRFHOM/1,
Training Program "SHAW"

REFERENCE: Memo for Director of WOMOLD, From Chief,
WOLINE, dated 23 May 1972,
Subject: "Covert Training for QRFHOM/1"

1. QRFHOM/1 was trained covertly [redacted] from 22 June to 14 July 1972. There were sixteen sessions for a total of eighty seven training hours.

2. This was a happy reunion of trainee and instructor. Less than two years ago, FROTH was given three days of reports training (Please see Completion of Training Report dated 19 October 1970). Just as then, FROTH was totally engrossed in every training session from the moment of his arrival to the moment of his departure. Remembering that the instructor does not eat lunch, FROTH brought a sandwich with him daily and took this lunch while listening to the instructor. Thus, every minute of every day was made to count.

3. The only time lost was three hours for [redacted] and on the several phone calls he had to make daily to check for calls to his cover office, then follow up with calls to those persons who had called his office and had left messages to be called back. At the most, these calls took half an hour. On some days, they took far less.

4. His cover organization work took up a considerable portion, everyday, of his free time with the result that he could not do any taping to speak of for subsequent preparation of cover plans for exercises. For example, told early on to prepare two dead drop cover plans, he was not able to come up with anything till the last week -- and then with only one written one and one that he revealed orally. As a result he had to be given time during the training day to write reports of his countersurveillance exercises and one of his agent developmental exercises. After one such exercise, asked if he wished to take time out during the training day to write his report he said: "No, tonight I will make time to write it." And he did. And it was a good report.

5. On each Sunday, he went out of town to visit his aged Grandmother. He used the travel time to read tradecraft books (he read seven altogether).

On Tuesday, July 4th, his publisher appointed him baby sitter for the publisher's ten year son and there went any hope of getting any casing done that day. At least one time, he mentioned that he did not go to bed till two that morning and as he had left the afternoon before, he had stated that he had meetings starting at four thirty that afternoon. With all that, he nevertheless was fully alert and attentive every minute of every training session.

6. In his developmental recruitment series of exercises, his instructor played the role of operations officer -- and a real dumb one he was. In such circumstances, FLORES had to do all the thinking, all the planning, all the casing for meeting sites, all the analyzing, all the preparing and pointing for the recruitment. It was pure joy to watch this man, after each meeting and again before the next one, go to work on the problem. He knew where he was, knew where he wanted to go, knew how to get there. When [redacted], during the critique at the end of the series of exercises said: "He did a beautiful job," FLORES had earned that accolade all by himself. The instructor's only contribution had been in the teaching of the subject of Agent Acquisition.

7. At this point, the instructor wishes to execute a low bow in the direction of [redacted]. He played his agent role excellently well and made the exercise a meaningful one for FLORES. The three trips to [redacted] must have been very taxing, particularly in view of his immediately upcoming TWR trip, but they were efforts well spent.

8. No man, of course, is perfect. Each has an Achilles heel, a weakness, or an all-too-human trait, at the very least. Our FLORES has his. He has a very quick mind. He knows it. And knowing it, he relies on it, counts on it. This, in turn, leads to a small failure in self-discipline. For example, told to write out his plan for the recruitment pitch, he came in with six words (maybe not that many) scratched on a 3 by 5 leaf torn out of his pocket notebook. He then proceeded, from these few words, to run off his plan without a single pause for an oh, ha, er, etc. It was as though he was reading a definition from a dictionary, so smoothly did his mind and thoughts run. He prepares everything in his mind, it appears, and does not like to write out that which he feels he should not have to write out. While it is great to have so facile a mind, a bit of discipline, to write out in full so important an act as a recruitment pitch, might one day save grief when an error would have been spotted had the entire plan been written out then looked over for possible flaws.

9. This small flaw, the instructor feels, accounts in considerable measure for FLORES's failure to bring in a written dead drop plan till the last days of the program. FLORES felt he could just as easily report orally. In fact, the other dead drop (he had been asked to do two) on which he reported orally, he discussed as though the paper was in front of him and he was reading from it. Nothing was missing -- area

description, access, hours of availability, the opposition, pros and cons as to suitability -- it was all there. He just didn't like to write out that upon which he could report orally.

10. In writing reports on the two counter-surveillance exercises, he dashed those off in jig time. No pause for thinking, no pause to look up at the ceiling or out the window. Just straight writing, including paragraphing. Mind and pen were as one. Same thing for his oral analysis before and after each meeting -- no pause to think, to review, to reconstruct, to remember -- just an IBM-type printout.

11. The instructor sets down this reluctance on our hero's part to write out certain things, not to downgrade him, but to alert desk and field officers that if they must have a certain report by a certain time, and they want it in writing, they must be firm. For example, after the second meeting in the developmental series, the instructor said: "I must have that report first thing in the morning. Do you want to take time out from this afternoon's training session to do it?" And, as already reported above, FRODO preferred to save the training time and he answered "I will make time to write it". In this case, time was of the essence because [redacted] had to see the report before the next meeting. To sum up this item: When FRODO feels that an oral report is adequate he finds it a little difficult to bring himself to find time to make a written report. Told definitely that he must write a report and given a deadline, he meets the deadline and the report is everything it should be.

12. His reports on his recruitment meetings, [redacted] said, were excellent. No jumping to conclusions, no padding, no misinterpretations, no omissions.

13. The surveillance team captain, reading FRODO's report on his actions during the countersurveillance exercises, marvelled at the completeness, total accuracy of description of the surveillants FRODO had made, including their ages (but always made each man an inch or two shorter than the actual height -- which FRODO admitted he does consistently), and the total recall of every move, every street crossing, every compass direction. (In the first countersurveillance exercise, sprung on FRODO without a moment's prior notice, he made one of his two surveillants. In the second one, with plenty of time to prepare, he made all three of them. These were two different teams from the [redacted] WOBONE [redacted]). Concluding his admiration of FRODO's reporting, the surveillance team captain said to the instructor: "You should be very proud of him".

14. In both exercises, the surveillance teams criticized the rapidity of FRODO's movements. He walks very rapidly from place to place, then spends time to browse in a book shop. Then off again at a high rate of speed to his next stop. They also criticized his looking both ways while crossing a one way street. They felt it made him appear

tail cautious. These are a typical [redacted] habits. The instructor, also [redacted] is guilty of the identical actions. We are highly kinetic in our movements and as for looking both ways while crossing a cross-way street, we follow the old Marine Corps adage: "There's always one S.O.B. that doesn't get the word". By sheerest coincidence, when the instructor was on his way to the safe site to deliver the surveillance team's report, he violated his own rule of looking both ways in crossing a cross-way street and was bowled over by a hippie on a loaded bike -- going the wrong way. Only the large heavy file case the instructor was carrying kept him from being knocked flat.

14. Nevertheless, FRODO is now fully cognizant of the appearance that his actions create and will watch it in the future.

15. One last note on the counter-surveillance exercises: He chose his positions well and he camouflaged his actions beautifully. One example: The instructor called the surveillance team for a quick feedback on the first exercise and caught the men just as they returned to their office. They got on different phones for a three way conversation. They reported one incident as follows: "So rapid were FRODO's movements, that when he met a friend of his, he hardly paused to speak with him, just waved him off". The second surveillant: "No, it didn't look like that at all, to me. To me it looked like this Indian-looking person stopped FRODO and asked him for directions and FRODO gave them and just went about his business". FRODO's own report, which he wrote up before he learned about the two different interpretations of the incident: "I stopped a foreign-looking man, apparently Indian in origin and asked him for the Museum which I knew perfectly well is on 55th Street. I turned around as he pointed south to 55th Street and spotted the man in the grey suit, now holding his hat in his hand".

17. In the second exercise, there were two items of note: One, the team was surprised to note in FRODO's report that FRODO even had the name of the book that the surveillant picked up when he followed FRODO into a book store. Second, when the exercise was over, the team compared notes and decided that FRODO may have made two of them but could not possibly have made the third man. The team captain, on reading FRODO's report, was stunned to see that FRODO had indeed made the third man also, but good.

18. FRODO had an elicitation exercise (in addition to the developmental acquisition series) with [redacted] an instructor in the [redacted] office. After relating the fine job that FRODO had done, the instructor's report concluded: "A first rate performance by FRODO, who's obviously been around -- both coverwise and for real".

19. His choice of meeting places with his agent could not be faulted. For one, he chose an East Side restaurant (where diplomats, as [redacted] held himself out to be, would properly be seen dining).

Yet it was far enough away from the United Nations building to lessen the chances that PHONE himself and his putative diplomat target would be spotted by friends or acquaintances. His choice for the next meeting was at an impressively named new restaurant near [redacted]

This restaurant was located in the safe-site complex. He was thus able very smoothly to invite his agent to the safe-site from the restaurant for the recruiting pitch.

20. He did very well in executing two recognition meetings and two brush passes. He had no time to write his own cover exercises (as stated, he was able to write up only one dead drop cover plan) so he was given cover plans written up by another trainee. To give him variety, he was alternately the higher and the lower echelon, alternately accepted and made the hand-off.

21. In operational and intel reports, he did very well. He very successfully separated the operational from the intel info and the source comments from the positive intelligence.

22. Instructor's Observation: PHONE is a proud man, both as an individual and as an operator. While he was very discreet about it, very circumspect, he did, nevertheless, let the instructor know that he has, on occasion been handled with something less than pure genius. This, like the previous item, is noted not to down-grade PHONE, but to alert both desk and field officers that this man, being very sure, positive, definite and strong, hopes to be handled in a manner that would have those same words apply.

23. In sum: A very good man.

24. In an effort to evaluate the effectiveness of the training, we would appreciate a detailed evaluation report in July 1973 from the field station. This report should indicate the extent to which the training has made the trainee a more useful and effective asset and should evaluate the performance in each area of tradecraft in which training was conducted; negative as well as positive comments are solicited. The field station's report should also include the trainee's own comments. Please ask the field station to slug the report WOLAN/CRIMMIE/1/ANAN. Upon receipt of the report at Headquarters, please forward a copy to the undersigned.

MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with QRPHONE/1

1. I met with QRPHONE/1 for much of the 12th of July and wearing two hats. We first went through the third phase of the training exercise in which I had been playing the role of an agent prospect whom he was to assess and recruit, and then later in the OTR safehouse I identified myself as the Headquarters officer responsible for his project. Incidentally, he did an excellent job in all three phases of the training exercise and did particularly well on the recruitment itself. QRPHONE/1 is clever, imaginative, has an excellent grasp of this aspect of tradecraft and handled himself particularly well in a complex and changing training scenario.

2. As the Headquarters staff officer responsible for his project, I described in detail the reasons for the long, serious look at his performance these last several months, the changing intelligence and operational requirements we face, and the careful scrutiny he had been given as we began to map out new directions for him, all of which ended with this advance four-week training program, testing, and evaluation and substantive briefings. He said he was a bit confused by the WOMUSE briefing of last week so I explained how that tied in with this evening's planned discussion on the China program.

3. We discussed his itinerary, personal plans and the pacing of the next several months, all of which were clarified to his satisfaction.

a. He will be debriefed on 24 July at 1000 hours at the OTR safesite [] following his return from the operational trip around the country.

b. I will meet him for the final operational briefing session at 1000 hours on 26 July in the same OTR safesite.

g. He will depart [] the night of 26 July on the 8:00 p.m. TWA flight to London.

d. This will get him in London in time for a previously scheduled ops meeting with [] on 27 July. He leaves on 1 August for a one-month vacation touring most of Europe with his family and spending one week in Malta.

4. Before the arrival of [] we discussed other operational matters as follows:

a. His friend in [] Richard Ward, recently returned from Hanoi and Paris with the manuscript of a new book written by Cambodian Prince Norodom Sihanouk titled "My War with CIA." Sihanouk gave the manuscript to Wilfred Burchett who gave it to a North Vietnamese friend to give to Ward. Ward was asked to find an American publisher and he, in turn, asked for QRPHONE/1's help. Burchett is an old friend of Ward's and stays at his apartment whenever he visits []. The manuscript has already been given to a publisher in Europe. QRPHONE/1 asked if we would be interested in a copy. I told him to get one if he could do so without straining his cover.

b. His friend, Lyle Stuart, the publisher, has been trying to buy the American branch of the Oxford University Press, and apparently is about to consummate the deal. He offered QRPHONE a job as his European representative if the deal goes through.

c. Per [] request I asked QRPHONE to give his instructor a copy of the long list of names and organizations given to him by Sibecho. Also per [] request, and in answer to my question, QRPHONE said he received the magazine published by the Turkish party in Collards Book Shop in London.

5. From 5:00 p.m. until a little after midnight on 13 July, [] of FE Division briefed QRPHONE/1 in substance on the STFLIMFLAM program, our interest in having QRPHONE/1 pursue such a role, and explained the great amount of dreary work that would be involved in learning the communist dialectic thoroughly if the whole venture were to be successful. I will make no effort to condense these seven hours

of ethereal discourse, but QRPHONE was fascinated, captivated by it and clearly interested in pursuing that long murky path to "enlightenment." /DAITICIAN did an outstanding job in setting the stage, describing the target, and then explaining step by step how he and QRPHONE/1 and [] would work together as the operation progressed. Regarding QRPHONE's upcoming trip in the U.S. /DAITICIAN explained exactly how QRPHONE should act as he meets each of his friends and how he should develop his new-found "interest" in studying Marxist-Leninism as he meets with those various people. QRPHONE was very responsive, took notes, had ideas of his own, but more importantly was very appreciative of the tactical advice that /DAITICIAN described. QRPHONE/1 will meet the following people over the next ten days.

- a. Richard Ward in New York City.
- b. Libel Bergman in Newark (on three different occasions)
- c. Benjamin Blake, Milton Henry and a fellow named Boggs in Detroit (he's with NAR).
- d. Don Wright, Herb Block, and Sidney Lens all in Chicago.
- e. LPWEAKLY/1 and family in Chicago
- f. Davida Fineman and Saul Landau in San Francisco.
- g. The Martin Luther King Foundation in Atlanta.

8. All of the above were carefully chosen because of who they were, what organization or philosophy they represented, or their interest in the Chinese, and the extent to which the whole would knit together and form a viable base which QRPHONE can use as a springboard when he returns to London. /DAITICIAN urged QRPHONE to join, or in some cases rejoin, Marxist study groups in London including the one conducted by Manchanda. The role that QRPHONE should play with these groups, as well as others in Europe who were singled out during various parts of the conversation, was also spelled out in detail. By the end of the evening QRPHONE had clearly in mind what it was all about, what he should do next and the purpose of our reconvening on the 24th and 26th to decide finally what it all amounts to.

7. I asked ORPHONE to call [] on the sterile line using the [] indicator on Monday afternoon, 21 July. This is simply to check in and let us know he is on the way and how things have come thus far. He calculated that he needed another \$500.00 for the U.S. portion of his overall trip since LCPIPIT apparently had not anticipated this when he was given his original advance. I arranged through the good offices of [] to get \$500.00 to ORPHONE today.

8. ORPHONE asked if we had any intelligence requirements for him to pursue while he is in Malta. I said [] would brief him on those requirements on the 24th of July if we had any. Incidentally, ORPHONE mentioned that Libol Bergman comes [] every Thursday and told ORPHONE that he could be reached on telephone number []. ORPHONE said if we cared to we might want to track that number and see where Bergman hangs out.

MEMORANDUM FOR THE RECORD

SUBJECT: Final Contact with QRPHONE/1 [REDACTED]

1. As arranged previously, I met with QRPHONE/1 at the WOHOLD safesite [REDACTED] from 1000 hours to 1230 26 July. The meeting was intended to wrap up loose ends, convey our decision to pursue the STFLIMFLAM program (providing QRPHONE/1 himself was amenable), and to make clear that we expect measurable operational progress within the next year.

2. Although QRPHONE/1 had been debriefed on 24 July by other Headquarters officers regarding his trip around WOCORK, I asked him to review it again for my information so I could put it clearly in perspective as it related to our plans for him in the coming year. I'll not bother with the details here because such have already been written for the record elsewhere, but suffice it to say that QRPHONE/1 was both pleased and relieved at the reception he got from his old contacts because of the reflection these receptions had on his own bona fides. The allegations of his BKTRUST affiliation which had floated through Europe were never mentioned by his WOCORK contacts; on the contrary at least one of them urged QRPHONE/1 to return soon to WOCORK because this is where the action is. This same individual gave QRPHONE reading materials on the Communist dialectic and urged him to study them closely. This greatly impressed QRPHONE because it showed how accurate were the briefings given him by the Headquarters STFLIMFLAM officer and demonstrated that we knew our tactics.

3. I then reviewed with QRPHONE/1 the reasons for our long close scrutiny of him and his performance these last several months followed by our selection of him for advance training, testing, and redirection in the strong hope we had that he would accept this new task because of its priority importance to our national collection requirements. I asked

QRPHONE/1 his impressions of it all, his reaction to the STFLIMFLAM proposal, and whether he would accept its demanding obligations. QRPHONE said he certainly would and that he found it a real challenge to his intellect and his operational skills. The tedious study of the dialectic would not deter him. His only concern was how he should actually play it as he developed relationships with appropriate party members and, ultimately, the Chinese in SMORANGE. I pointed out he needn't concern himself with the last point because that would be part of the purpose of the ten-day training program in SMORANGE in September which would be given him by the Headquarters STFLIMFLAM officer. I said the training would require total emersion for ten days straight, probably in some secluded beach house on the coast where all involved could reside full time. He said this would present no problem cover-wise; he would simply tell his family he had gone to the continent. I said that [] would be working out the details of this with him, probably after his return from vacation.

4. I said that given QRPHONE/1's past performance, his credentials with the radical left, and his apparent interest in vigorously pursuing the STFLIMFLAM program we expected to be able to measure in six to eight months the likelihood of his being able to achieve all the STFLIMFLAM objectives based upon the progress he would have made by then with his [] contacts. Should it appear that the STFLIMFLAM operation would not succeed we would be discussing alternative courses of action with him by the end of the year. He did say that of all the countries in Europe where his STFLIMFLAM and radical left potential is probably the best, Italy would be first and Denmark second.

5. I told QRPHONE/1 that his meeting with [] had been moved to 31 July as he requested, reviewed his European vacation plans and his Malta trip and wished him the very best of luck. At this point QRPHONE/1 certainly seems willing and able aggressively to pursue our operational plans. We shall see.

WOGear Review of African Liberation Movements

In general, the author has done a reasonably good job describing the historical development of the various African liberation movements, especially when one considers the complexity and number of splits and mergers that have occurred within and among the movements over the years. There are several glaring inaccuracies, however, in the author's conclusions about the current position and effectiveness of the several Portuguese African liberation movements.

Regarding Angola, the author characterizes the MPLA as an ideologically-oriented group (i.e., Soviet doctrine) that has failed to grasp and utilize to its advantage the tribal realities that exist in Angola. The author fails to acknowledge, however, that the MPLA has had some success, albeit limited, in building a movement that is national and multiracial in character rather than tribally oriented. Despite its urban intellectual leadership, the MPLA has had some success winning local support in rural eastern Angola.

By contrast, GRAE ranks a poor second. From inception, its primary base of support has been the large Angolan refugee population of Bakongo tribesmen who live in southwestern Zaire. Although the organization has won some support among Bakongo kinsmen across the border in northwestern Angola, it has failed to broaden its base because of its thinly disguised regional and tribal make-up. Moreover, Roberto's unwillingness to delegate authority or compromise have produced chronic disputes at the leadership level. The author's conclusion that GRAE is a formidable force to be reckoned with in the future of Angola is contradicted by the fact that the MPLA is by far the largest and most effective of the three nationalist groups opposing the Portuguese in Angola.

MOZAMBIQUE

The present FRELIMO leadership does not appear to be in the state of disarray in 1972 that the author believes it is. Although some differences undoubtedly persist, the present leaders seem to have closed ranks somewhat since the departure of Simango in late 1969. For the present, any internal squabbles that may exist are not noticeably affecting FRELIMO's fighting abilities inside Mozambique.

RHODESIA, SOUTH WEST AFRICA, SOUTH AFRICA

Reasonably straightforward and up to date. No serious deficiencies.

Notes on QRPHONE by Harvey B. DAITCHMAN

1. Revolutionary Image: Discussed briefly how it is obtained. Pointed out there is a pattern to it which is discernable among revolutionaries. It is usually issue oriented in the beginning, the war being one of the key issues, and it gradually evolves into a desire to engage in practical activities which usually expressed best on a continuing basis through work in an organization. Also connected with this process is the gradual development of a different "outlook." It is usually a mixture of idealism and Marxism-Leninism-socialism-Mao Tse-tung thought. Usually unstructured but developing.

It is possible in this stage to move from one group to another without any particular approbation being attached for this transience. This is particularly so if one starts way outside a M-L-ist group and moves inward towards it. Quite a different thing to start in a M-List group and go out.

Also in development of a new outlook one comes to study a variety of revolutionary literature. This can take one into different areas, anarchism, GW advocacy, revolutionary nihilism, socialism, Marxist-Leninism, etc. However, to get to latter it must be done logically.

2. Tightly Structured Op: Emphasis upon tight, controlled contacts which seek to accomplish a specific purpose--collection of info not necessarily one nor always one. Purpose is to lay ground work for future developments. Purpose to establish certain contacts which can be later used in either positive or negative fashion. Structured conversation is also essential. It too should seek to accomplish something, directed so as to be useful to future development of op: e.g., desire to have an explanation for an action to be undertaken later--so bring up in conversation with someone so that can use that conversation later as explanation for interest in a subject, knowledge of a subject, etc. It is checkable.

3. Study: Most important aspect in opening phases of op. Without correct study and without development (understanding) of "correct outlook" one will always be a dilettante to the, outside looking in, someone who is useful to them "under certain conditions," but not someone who is reliable, and not a dependable revolutionary. This is really the key, the ideological tool, it will open doors that cannot otherwise be entered.

4. Contacts: Those to be exploited now and those to be used in or for future time. In the beginning the contacts which are developed are to be used as a means of building his justification for having begun the serious study of Marx,

Lenin, and Mao. This must be discussed with people so that many are aware of it. These conversations will be later used when he explains how and why and when he became interested.

5. Diffuse Nature of Op: In beginning op has a diffuse nature. It is necessary to make many contacts. Some will be more useful than others, but all have potential for use in one circumstance or another. Since we have no way of knowing how or from whom the Chinese collect their intelligence, seek out, or otherwise spot budding revolutionaries we can assume that some one of his acquaintances will report his interest in Mao, etc. We can assume that through some of his activities Chinese will build up his dossier so that at a later date when we go directly to the Chinese for help they can look in their dossier and see that x number of months ago, etc., various things were reported. Etc.

6. Ops as a Process of Development: Permit no diversions or detours which might become permanent. This would include targets of opportunity, etc. Must always maintain correct operational line and cannot reach target by following various diversionary tributaries in the temporary interest of collecting marginal intelligence. Must be prepared to sacrifice diversionary tasks in pursuit of main goal or objective. If tangential things are folled up we then have a different op, and a new op line, must be cautious with this. Ops line serves as guide for whole op from beginning to end.

7. Tactics in Op: Must always be carefully thought out so as to insure forward development of op. Something must be seen emerging or useful, or having potential future value for development of op, otherwise it is pointless to undertake it. Tactics are details. Details are most important aspect in day to day running of op. They must be paid attention to, must be contributory, must be carried out in correct sequence, and we must keep in mind that at one or more points it is these details which will be subject of the scrutiny of the opposition. IT IS IMPORTANT THAT THESE DETAILS APPEAR LOGICAL TO THIS OPPOSITION, even if they may seem illogical to us at times. Our logic is not the same as communist logic.

8. Ops is Step by Step Process: Op should/or can be divided into steps, phases, stages, segments, whatever. Each phase should dovetail into the next. To some extent a general outline can be developed. Each of the major phases should be sub-divided into stages so that they can be dealt with step by step. For example: Three broad categories:

1st Phase: All initiatives are ours. We do all the work, lay ground for future stages. We have a flexible line which permits making maximum contacts to be correctly exploited. We give training. Also devise concrete activities for him to carry out.

2nd Phase: Chinese and others have shown interest. We will exploit this interest. After he has completed first phase we will begin to make structured contacts with the Chinese. In these contacts he will show that he has a grasp of the ideology; is interested in learning more; desires to study more intensively. Will use as negative examples: his book, Panthers, some aspects of Bergman's behavior, the unstructured and undisciplined nature of most revolutionary activists in U.S., particularly among the blacks, or whatever may seem appropriate at time contact is made. However, will seek their help to further his study and will indicate recognition of need to return to U.S. in order to undertake correct role in revolutionary struggle. At this stage we will have an idea of interest of Chinese. We will be able to determine whether we can expect progress or not. If they prove willing to help they will then be asked to guide his further study, to help him. Through this help they will be able to see the development which has taken place. We should get a good feeling of their willingness to guide him after a couple of meetings. If we are shut out then must make ops judgement from that point on--can always target against Soviets and use Chinese as negative example. If they are interested we will then lose some aspects of our initiative, but in essence the more initiative we lose to them, the more they try to direct him, the deeper he becomes involved with them, which is our objective--one of them. He must continue his study.

3rd Phase: Continue his study; continue his contacts all around, but by now should have significant contacts and can dispense with the more general "sparrow" approach. Once certain of their willingness to help we ask about a trip to Peking to study after which he wants to return to U.S. and take active role.

Recognize that this may be a sticking point. We don't want him here. However, this idea has to always be in the forefront as far as the Chinese are concerned otherwise they have little reason to be interested in him. This MUST appear to be his goal. We may be able to circumvent it later for one reason or another, or it might be useful to bring him back temporarily. This decision must be reserved for that time.

These stages and sub-stages must be further divided if we are to understand the operation correctly and are to carry it out correctly. Each action he is asked to undertake must be seen leading to something concrete in the next or another step. The whole op goes STEP BY STEP. We do not insert unrealistic objectives, or those which would be desirable but may be difficult. This is a waste of time. We only seek to do what is possible--possible is what can be turned into reality.

Emphasis must be made on "step by step" approach and must be maintained. Otherwise we can trip ourselves up by trying to accomplish something which is out of sequence FOR THEM. For

example: He has read Marx and Lenin. We might say he's quite familiar with it. We could then say that he will read Mao and after that he will be able to pretend to be a Maoist. All of this is true. He could say it and act like he and others thought a Maoist should act. However, appearance and essence are not synonymous. It might appear to non-Maoists that our troop is a Maoist because he can talk as good a game as anyone else--or better than those who have not studied as much--but the essence of being a Maoist is not contained in such superficialities. Nor is the essence of being a Marxist-Leninist so contained. He cannot, for example, bloom or emerge as a Maoist and find acceptance with the Maoists. They know the process it takes to get there: "Several years of assiduous study can produce good results." (Some Chinese quote on studying Mao.)

9. Their Weapon is Also Our Tool: Once we understand correctly how they wield their weapon, the dialectical method, it can serve as our tool to pry our way into their camp. Through proper study and understanding we can develop and promote Q's superiority among his friends and acquaintances. To Marxists he will be much more acceptable and his intel product will probably be enhanced since they will talk on subjects they might not have touched upon in the past, he will be more trusted, and also he will have better recognition of key developments in Marxist world through better understanding of their reality.

10. Some activities which we might consider enroute.

a. Start His Own Study Group: Chinese would be very interested. Unlike most study groups with which I am familiar he would stress study of ideology--in correct way. However, to prevent them from profiting from such study they can be tied in knots for months dealing with a variety of ideological problems. There is no point in our developing for their use good revolutionaries. However, it would provide reason for frequent contact with Chinese in order for them to help him in the development of his group. Would probably lead him into contact with other interesting types. Might have it for "Americans only" abroad--to avoid problems with Brits: whatever:

b. Might Talk About Starting a One Man Institute for Studying African Revolution: could put out a four page broadsheet for peanuts. It would discuss various African problems. His book gives him good reason for such study. He might draw one or two people to him. Can use this too as basis for approach to Chinese. He will have come to recognize that he had not painted the true picture of national lib struggle in his book and through his broadsheet he seeks to rectify some his ideas.

c. He could seek to do another book on "The Dialectics of African Revolution." Here again the help of various communists, Marxist-Leninists, and particularly the Chinese in providing guidance (correct guidance) would give him frequent access and contact--providing the Chinese are willing to help.

d. Start a Broadsheet for American Revolutionaries Abroad: This would give him contact with a wide variety of radical U.S. types abroad. It would also have feed back into the American scene and in part fulfill his requirement to have an active role with U.S. revolutionary developments. Etc. Etc.

e. There are other activities which he might also undertake. The above are a few ideas of what we can do to "promote" QRPHONE. He can do a number of different things at the sametime since much of it overlaps and is hence compatible. However, each must be structured, carefully handled, with great attention to the details. STEP BY STEP.

Some Words of Caution: Our experience clearly indicates that it is incorrect to rely upon either the agent or the station to provide the impetus. This seems to be true for a number of reasons. Case officers change often, chiefs of ops, bases, or stations change--there is not much continuity. We are thinking of a long term operation which, as it grows, becomes very complex. It is not easily understood by someone who gets involved after it has been going for sometime. It is even more true of changes in station leadership whose attitude is largely developed on his subjective feelings from reading only cable traffic. The initiative, the operational ideas, etc. are best kept in Hqs. There is so much more information here to work with, people with whom one can talk, staffs, etc. Also most officers in the field simply do not have the time to sit down and plan in the kind of detail that is needed to continue and develop the op. It calls for solid knowledge of the communist reality in order to insure that no errors creep in those contacts he may make. It calls for someone to have the time to read, study, certain publications, articles, etc., and then to figure out whether or not a given publication or article can be used to make a useful contact, write a useful letter, etc. If so, how, and then go the field with the idea, and concrete directions about how it should be used. Case officers most likely won't be exposed to the same material and probably wouldn't have the planning time necessary, or the various resources of Hqs to do what needs to be done.

This is not to suggest that the field has nothing to say. However, if the understanding can be clearly made that this is in fact a joint operation, with Hqs having an opportunity for big input, with the understanding that the only thing which matters to all concerned is the correct development of the operation in the given concrete conditions and not either the Hqs or the field trying to establish some kind of supremacy of rights over the other--there is a good chance of success.

Agent Profile - QRPHONE/1

QRPHONE/1 is an American citizen and a singleton agent who has been a recruited asset for some seven years. He has extensive contacts among leftist, radical, and communist movements in Europe and Africa and was able to sustain his relations with many such figures for operational purposes in spite of a formal disassociation some years ago. Originally a member himself of a radical pro-communist group, his disenchantment with internal personal and political dissension in an organization to which he had firmly committed himself led later to his acceptance of an operational relationship with the Agency. Although targeted after his recruitment at the plethora of new left and radical elements in Europe, essentially for intelligence collection purposes, QRPHONE/1 has recently been redirected toward the Chinese Communists with a view to ingratiating himself and seeking their guidance and support as he demonstrates an interest in more effectively acting on their behalf. Our ultimate objective is to precipitate invitations to Mainland China which will lead to successively higher echelons of contact within the Chinese Government.

To prepare QRPHONE/1 for this demanding task, extensive retraining, assessment and remotivation were recently accomplished and selective recontact was made by him with his more influential and pertinent communist contacts. Reactions to QRPHONE/1's alleged desire to more fully commit himself to the communist Chinese cause and the assistance rendered thus far by these communist contacts are encouraging indicators of the potential success of this agent to achieve our goal.

Although a complex man to manage operationally because of his own background and the mix of his ideological and professional motivations, QRPHONE/1's intelligence and personality are such as to well equip him to meet the challenge of the tests the Chinese are likely to throw his way. He is based [redacted] as is his case officer, and operational meetings are held in secure safe sites, sometimes [redacted]

QRPHONE/1 has produced numerous intelligence reports on communist and radical targets in addition to his covert action functions as a journalist and author. His long-term tenure with the Agency will be determined in part by the degree of success of his new [redacted] directions.

MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with QRPHONE/1

1. On 24 July 1972, [redacted] and the undersigned [redacted] converged on the OTR safesite in [redacted] to meet with QRPHONE/1 in order to debrief him on his trip through WOCORK.

2. The discussion was started by having QRPHONE relate the details of his trip on a city by city basis describing the people he met and his reception by them. It should be noted here that several of the individuals that QRPHONE was to have seen were out of town or unavailable, however, QRPHONE will correspond with these individuals in order to maintain his relationship with them.

NEWARK

QRPHONE met with Leibel Bergman at his home and stayed overnight (14-15 July) as his guest. QRPHONE told Bergman that he had decided to make a full-time commitment to the study of Marxist-Leninist (M-L) doctrine in order to become more proficient in M-L theory and would like to join the RU to further this ambition. Bergman's reaction, according to QRPHONE, was enthusiastic. Bergman gave QRPHONE some M-L literature (which was the same as the literature [redacted] gave him several weeks ago to study) which he felt would be helpful. Bergman stated that if QRPHONE was really interested in becoming involved in the M-L movement he should return to WOCORK because that "was where all the inconsistencies were." Bergman invited QRPHONE to

take part in some M-L study groups but didn't say what exactly would be studied. The following are some general comments QRPHONE provided about Bergman. Bergman doesn't like Newark, he has been mugged several times and would like to go back to California; however, that is not possible at this time, so Bergman will instead move to New York City. Bergman is pleased with the current development of the RU. He said that the recent trip to China by several RU members was successful and that the trip had been pleasant for them. QRPHONE commented that it appears that Bergman does not have the same control of the RU that he formerly had, although he is regarded as the "guru" of the RU.

NEW YORK

QRPHONE said that Richard Ward is attempting to sell the English language rights of Prince Sihanouk's book My War With the CIA. Ward had been trying to get Lyle Stuart to purchase the rights but Stuart's antipathy toward Wilfred Burchett, "that old Communist" according to Stuart, was too great. Burchett apparently wrote the forward and Stuart doesn't want to publish anything with his name on it. QRPHONE, in our presence, called Stuart and convinced him to at least read the manuscript of the book before he turned it down. Ward has a South Vietnamese student living with him as a combination houseboy/companion. This student, whose name is David Truong, is the son of the South Vietnamese presidential candidate Truong Dinh Dzu, who ran in the 1967 South Vietnamese election on a peace platform and who is now in prison. QRPHONE said that this student has amassed a large collection of books on intelligence, that the books are expensive and that he doesn't have any idea where the money to buy the books came from. He also said he doesn't think Truong has immigration papers to stay in WOCORK legally. I asked if Truong was in any way involved with the recent attempt to hijack a plane to Hanoi. QRPHONE stated that Truong knew the hijackers and might have known something about the attempted hijacking because the hijackers had also stayed at Ward's apartment.

Ward is going to France soon for a vacation with a girlfriend he refused to identify because he feels his apartment and phones are bugged "by at least ten intelligence agencies." Before he goes on vacation he intends to stop in Paris and meet with DRV and PRG officials as well as with Wilfred Burchett. (Ward also met with [redacted] prior to her recent trip to the DRV). Ward will try to visit QRPHONE in London sometime in September before he returns home. Ward claimed that a "wealthy benefactor" gave him some \$1000 to cover the cost of his vacation. Ward himself is broke and makes only about \$60 per week salary.

DETROIT

QRPHONE was unable to see Milton Henry, leader of the New Republic of Africa, who was on vacation in Japan. He did manage to see FNU Boggs, who is apparently no longer involved with radical organizations but who is acting as a clearinghouse for black and white radicals. QRPHONE characterized Boggs as less doctrinaire and less dogmatic than he had been in the past. Boggs' feeling about the black radical movement is that it is in considerable disarray.

CHICAGO

QRPHONE saw LPWEAKLY/1 who told him that he was trying to get an invitation to visit China. LPWEAKLY/1 told QRPHONE that if he went he would see about taking him along. This was the first that QRPHONE knew about LPWEAKLY/1's plans. QRPHONE was unable to see either Sidney Lens or Hal Block because they were out of town. He did corroborate the fact that Block had recently been to China. QRPHONE spent some time with Don Wright, who was a member of the RU delegation to China. Wright is now a full-time RU official responsible for organizing RU cells in the Mid-West and seems committed to revolution although he doesn't speak in M-L terminology. Wright stated that one problem now facing the RU involves national exposure, i.e., getting minorities to become involved with the RU. This is a change from past RU philosophy which was that

3
~~SECRET/RYBAT~~

SECRET/RYBAT

minority groups should form their own organizations separate from the RU. QRPHONE said Wright is very bitter toward the Black Panther movement and thinks that Eldridge Cleaver is "bad" and that Huey Newton and Bobby Seale are "corrupt".

SAN FRANCISCO

In San Francisco QRPHONE stayed with Davida Fineman. The mysterious M, who appeared in several of her letters to QRPHONE, is Martin Nichols, a Marxist scholar of note who translated into the English the entire Fundamentals of Political Economy. He was once a member of the RU.

Emotionally, Davida is not as depressed as she was several months ago, even though her brief exposure to the world of labor union organizing was a failure. Her comments about the RU were to condemn the Bruce Franklin group (Venceramos Organization) which she said is going to bring disaster to the whole RU because of its predilection for violence before the groundwork for revolution has been laid. Fineman feels that Robert Avakian, a high RU official, is less wild and erratic than in the past and has in fact become a good M-L.

QRPHONE saw Paul Richards, Hodee Edwards' son-in-law. Richards is a former CP member from the Mid-West, which he left because of the people. He feels that the Mid-West is a part of the country where the Government ought to test nuclear warheads. QRPHONE also met with Earl and Lee Rose. Earl was in the RU delegation to China where he must have caused some embarrassment to the delegation by his naivete. He attempted to meet African revolutionaries, particularly members of the MPLA, which he didn't realize were Moscow-oriented. Rose asked QRPHONE to write and send him material on the various African liberation movements. Lee Rose works for [redacted] although Earl, her husband, is unemployed.

ATLANTA

QRPHONE went to the Martin Luther King Center for Social Change, formerly the Martin Luther King Foundation, where he met with Tom Porter, the head staffer of the organization. There was recently a split in the Center and the Executive Director, a Dr. Scott, was forced out of office. The office is still vacant and, according to Porter, will remain so for the immediate future. The reason for the continued vacancy is apparently to allow Coretta King and other members of the Board of Directors to maintain direct control. Porter is a former writer for Freedom Ways Magazine. QRPHONE said that Porter knew of him but didn't say exactly how. QRPHONE told Porter he would consider writing a brief on the Center for LPWEAKLY. QRPHONE said that the Center is going to establish a foreign affairs staff which will be headed by Jack O'Dell, an old CP member.

3. After QRPHONE's discourse on his trip, [] discussed in broad terms what he could expect in the next year with regard to securing entre to the Chinese. QRPHONE was told that once he was proficient in M-L he would be expected to go out and test his knowledge with various individuals and organizations in order to gain access and become known to the Chinese. [] emphasized it wouldn't be easy, that QRPHONE would have to be diligent and patient, but that in the end, if he was successful, the benefits would be many. QRPHONE accepted this.

MEMORANDUM FOR: Chief, Covert Action Staff
ATTENTION: [REDACTED]

SUBJECT: Completion of Training Report for QRPHONE/1,
Training Program "SHAW"

REFERENCE: Memo for Director of Training, From Chief,
Covert Action Staff, dated 23 May 1972;
Subject: "Covert Training for QRPHONE/1"

1. QRPHONE/1 was trained covertly [REDACTED] from 22 June to 14 July 1972. There were sixteen sessions for a total of eighty-seven training hours.

2. This was a happy reunion of trainee and instructor. Less than two years ago, PHONE was given three days of reports training (Please see Completion of Training Report dated 19 October 1970). Just as then, PHONE was totally engrossed in every training session from the moment of his arrival to the moment of his departure. Remembering that the instructor does not eat lunch, PHONE brought a sandwich with him daily and took this lunch while listening to the instructor. Thus, every minute of every day was made to count.

3. The only time lost was three hours for [REDACTED] and on the several phone calls he had to make daily to check for calls to his cover office, then follow up with calls to those persons who had called his office and had left messages to be called back. At the most, these calls took half an hour. On some days, they took far less.

4. His cover organization work took up a considerable portion, everyday, of his free time with the result that he could not do any casing to speak of for subsequent preparation of commo plans for exercises. For example, told early on to prepare two dead drop commo plans, he was not able to come up with anything till the last week -- and then with only one written one and one that he reviewed orally. As a result he had to be given time during the training day to write reports of his countersurveillance exercises and one of his agent developmental exercises. After one such exercise, asked if he wished to take time out during the training day to write his report he said: "No, tonight I will make time to write it." And he did. And it was a good report.

5. On each Sunday, he went out of town to visit his aged Grandmother. He used the travel time to read tradecraft books (he read seven altogether).

On Tuesday, July 4th, his publisher appointed him baby sitter for the publisher's teen age son and there went any hope of getting any casing done that day. At least one time, he mentioned that he did not go to bed till two that morning and as he had left the afternoon before, he had stated that he had meetings starting at four-thirty that afternoon. With all that, he nevertheless was fully alert and attentive every minute of every training session.

6. In his developmental recruitment series of exercises, his instructor played the role of operations officer -- and a real dumb-dumb he was. In such circumstances, PHONE had to do all the thinking, all the planning, all the casing for meeting sites, all the analyzing, all the preparing and pointing for the recruitment. It was pure joy to watch this man, after each meeting and again before the next one, go to work on the problem. He knew where he was, knew where he wanted to go, knew how to get there. When [] during the critique at the end of the series of exercises said: "He did a beautiful job," PHONE had earned that accolade all by himself. The instructor's only contribution had been in the teaching of the subject of Agent Acquisition.

7. At this point, the instructor wishes to execute a low bow in the direction of []. He played his agent role excellently well and made the exercise a meaningful one for PHONE. The three trips to [] must have been very taxing, particularly in view of his immediately upcoming TDY trip, but they were efforts well spent.

8. No man, of course, is perfect. Each has an Achilles heel, a weakness, or an all-too-human trait, at the very least. Our PHONE has his. He has a very quick mind. He knows it. And knowing it, he relies on it, counts on it. This, in turn, leads to a small failure in self-discipline. For example, told to write out his plan for the recruitment pitch, he came in with six words (maybe not that many) scratched on a 3 by 5 leaf torn out of his pocket notebook. He then proceeded, from these few words, to run off his plan without a single pause for an uh, hm, er, etc. It was as though he was reading a definition from a dictionary, so smoothly did his mind and thoughts run. He prepares everything in his mind, it appears, and does not like to write out that which he feels he should not have to write out. While it is great to have so facile a mind, a bit of discipline, to write out in full so important an act as a recruitment pitch, might one day save grief when an error would have been spotted had the entire plan been written out then looked over for possible flaws.

9. This small flaw, the instructor feels, accounts in considerable measure for PHONE's failure to bring in a written dead drop plan till the last days of the program. PHONE felt he could just as easily report orally. In fact, the other dead drop (he had been asked to do two) on which he reported orally, he discussed as though the paper was in front of him and he was reading from it. Nothing was missing -- area

description, access, hours of availability, the opposition, pros and cons as to suitability -- it was all there. He just didn't like to write out that upon which he could report orally.

10. In writing reports on the two counter-surveillance exercises, he dashed those off in jig time. No pause for thinking, no pause to look up at the ceiling or out the window. Just straight writing, including paragraphing. Mind and pen were as one. Same thing for his oral analysis before and after each meeting -- no pause to think, to review, to reconstruct, to remember -- just an IBM-type printout.

11. The instructor sets down this reluctance on our hero's part to write out certain things, not to downgrade him, but to alert desk and field officers that if they must have a certain report by a certain time, and they want it in writing, they must be firm. For example, after the second meeting in the developmental series, the instructor said: "I must have that report first thing in the morning. Do you want to take time out from this afternoon's training session to do it?" And, as already reported above, PHONE preferred to save the training time and he answered "I will make time to write it". In this case, time was of the essence because [] had to see the report before the next meeting. To sum up this item: When PHONE feels that an oral report is adequate he finds it a little difficult to bring himself to find time to make a written report. Told definitely that he must write a report and given a deadline, he meets the deadline and the report is everything it should be.

12. His reports on his recruitment meetings, [] said, were excellent. No jumping to conclusions, no padding, no misinterpretations, no omissions.

13. The surveillance team captain, reading PHONE's report on his actions during the countersurveillance exercises, marvelled at the completeness, total accuracy of description of the surveillants PHONE had made, including their ages (but always made each man an inch or two shorter than the actual height -- which PHONE admitted he does constantly), and the total recall of every move, every street crossing, every compass direction. (In the first countersurveillance exercise, sprung on PHONE without a moment's prior notice, he made one of his two surveillants. In the second one, with plenty of time to prepare, he made all three of them. These were two different teams from the [] Office of Security). Concluding his admiration of PHONE's reporting, the surveillance team captain said to the instructor: "You should be very proud of him".

14. In both exercises, the surveillance teams criticized the rapidity of PHONE's movements. He walks very rapidly from place to place, then spends time to browse in a book shop. Then off again at a high rate of speed to his next stop. They also criticized his looking both ways while crossing a one way street. They felt it made him appear

tail conscious. These are a typical [] habits. The instructor, also [] is guilty of the identical actions. We are highly kinetic in our movements and as for looking both ways while crossing a one-way street, we follow the old Marine Corps adage: "There's always one S.O.B. that doesn't get the word". By sheerest coincidence, when the instructor was on his way to the safesite to deliver the surveillance team's report, he violated his own rule of looking both ways in crossing a one-way street and was bowled over by a hippie on a loaded bike -- going the wrong way. Only the large heavy film case the instructor was carrying kept him from being knocked flat.

15. Nevertheless, PHONE is now fully cognizant of the appearance that his actions create and will watch it in the future.

16. One last note on the counter-surveillance exercises: He chose his positions well and he camouflaged his actions beautifully. One example: The instructor called the surveillance team for a quick feedback on the first exercise and caught the men just as they returned to their office. They got on different phones for a three way conversation. They reported one incident as follows: "So rapid were PHONE's movements, that when he met a friend of his, he hardly paused to speak with him, just waved him off". The second surveillant: "No, it didn't look like that at all, to me. To me it looked like this Indian-looking person stopped PHONE and asked him for directions and PHONE gave them and just went about his business". PHONE's own report, which he wrote up before he learned about the two different interpretations of the incident: "--- where I stopped a foreign-looking man, apparently Indian in origin and asked him for the Museum which I knew perfectly well is on 55th Street. I turned around as he pointed south to 55th Street and spotted the same man in the grey suit, now holding his hat in his hand".

17. In the second exercise, there were two items of note: One, the team was surprised to note in PHONE's report that PHONE even had the name of the book that the surveillant picked up when he followed PHONE into a book store. Second, when the exercise was over, the team compared notes and decided that PHONE may have made two of them but could not possibly have made the third man. The team captain, on reading PHONE's report, was stunned to see that PHONE had indeed made the third man also, but good.

18. PHONE had an elicitation exercise (in addition to the developmental acquisition series) with Mr. Harry Webster, an instructor in the [] office. After relating the fine job that PHONE had done, Mr. Webster's report concluded: "A first rate performance by PHONE, who's obviously been around -- both coverwise and for real".

19. His choice of meeting places with his agent could not be faulted. For one, he chose an East Side restaurant (where diplomats, as [] held himself out to be, would properly be seen dining).

Yet it was far enough away from the United Nations building to lessen the chances that PHONE himself and his putative diplomat target would be spotted by friends or acquaintances. His choice for the next meeting was at an impressively named new restaurant near [redacted]

[redacted] This restaurant was located in the safesite complex. He was thus able very smoothly to invite his agent to the safesite from the restaurant for the recruiting pitch.

20. He did very well in executing two recognition meetings and two brush passes. He had no time to write his own commo exercises (as stated, he was able to write up only one dead drop commo plan) so he was given commo plans written up by another trainee. To give him variety, he was alternately the higher and the lower echelon, alternately accepted and made the hand-off.

21. In operational and intel reports, he did very well. He very successfully separated the operational from the intel info and the source comments from the positive intelligence.

22. Instructor's Observation: PHONE is a proud man, both as an individual and as an operator. While he was very discreet about it, very circumspect, he did, nevertheless, let the instructor know that he has, on occasion been handled with something less than pure genius. This, like the previous item, is noted not to down-grade PHONE, but to alert both desk and field officers that this man, being very sure, positive, definite and strong, hopes to be handled in a manner that would have those same words apply.

23. In sum: A very good man.

24. In an effort to evaluate the effectiveness of the training, we would appreciate a detailed evaluation report in July 1973 from the field station. This report should indicate the extent to which the training has made the trainee a more useful and effective asset and should evaluate the performance in each area of tradecraft in which training was conducted; negative as well as positive comments are solicited. The field station's report should also include the trainee's own comments. Please ask the field station to slug the report WOMOLD/QRPHONE/1/SHAW. Upon receipt of the report at Headquarters, please forward a copy to the undersigned.

| SECTION II | MOTIVATION AND CONTROL |
| <p>1. ESTIMATE SUBJECT'S MOTIVATION. (Be detailed, if possible cite evidence. Do not use stock comment such as "anti-communist.") See Previous PRQ Part II</p> <p>This image of BKTRUST as a powerful, professional organization has been enhanced in QRFONE/1's case by the circumstances of his agent relationship, which require very professional handling. Indeed Q/1 has probably come to hold a rather glamorous "storybook" image of BKTRUST and of the importance of his contribution to the XXXXX BKTRUST EFFORT. This is a very human trait and should not be exaggerated in his case,</p> | |
| <p>2. INDICATE WHAT CONTROL, IF ANY, EXISTS OVER THE SUBJECT. (If no control, or if there is a lack of control, explain.)</p> <p>QRFONE/1 is dependent upon a BKTRUST salary and has signed recruitment documents and a security pledge. QRFONE/1 is not a handling problem and there has never been any instance in which either he or his handler has had occasion to allude to these control factors.</p> | |
| SECTION III | COVER |
| <p>1. COVER USED BY SUBJECT AND CASE OFFICER IN THEIR MEETINGS.</p> <p>Subject and RODIGAST use a journalist/literary agent cover in the unlikely event their clandestine meetings are compromised. Other officers will use cover of both being Americans in a foreign country.</p> | |
| <p>2. COVER USED BY SUBJECT IN OBTAINING HIS INFORMATION AND IN CONTACTING HIS INFORMANTS.</p> <p>Freelance journalist, author, and as a sympathetic leftist</p> | |
| <p>3. INDICATE SERVICE FOR WHICH SUBJECT THINKS HE (Will work) (Is working).</p> <p>BKTRUST</p> | |
| SECTION IV | INTELLIGENCE CONNECTIONS AND TRAINING |
| <p>1. EXPLAIN SUBJECT'S KNOWN PAST OR PRESENT CONNECTION WITH ANY OTHER INTELLIGENCE SERVICE. INDICATE THE EXTENT SUCH CONNECTION IS KNOWN OVERTLY.</p> <p>No change from previous PRQ Part II</p> | |

Motivation and Control

1. but every one of the wild anti-BKTRUST stories which he heard probably only serves to accentuate the feeling on his part of being a member of a very impressive outfit.

Having accepted BKTRUST employment for a combination of reasons, it must be added that QRPHONE/1 clearly likes his work. He enjoys dealing with international issues and political subjects. He enjoys the travel and the opportunity to exercise his language capability. In short, the rather sophisticated and cosmopolitan life which he has been able to live appeals to him.

QRPHONE/1 was recruited at a time when he was in serious financial straits. BKTRUST has given him a job, paid him reasonably well and regularly, and has enabled him to be independent of his wife's family's charity.

MEMORANDUM FOR: Chief, Covert Action Staff
SUBJECT: Review of Project QIPHONE

1. A review in some depth of Project QIPHONE was conducted in January 1972 by DC/CA and me with Branch 3 personnel, with the participation of [redacted] (now of Branch 4, formerly QIPHONE Case Officer at LCPIPIT). Attached at Tab A are the questions which formed the basis for the review. A full record of the responses to these questions and the review discussion is not practical so I have attempted below to summarize the general conclusions which emerged. Attached at Tab B are two charts prepared by Branch 3 for the review plus a rough draft "CI Assessment" which they also prepared.

SECRET

SECRET

3. Mobility. QRPONE can be viewed as essentially mobile and has expressed a willingness to possess these are, however, qualifications on this. He move small children and an unwitting, anti-US, white, hasish wife, who would only be willing to leave her homeland if the overt job to which QRPONE was going was clearly a step upward in his career.

4. Handling. The method by which QRPONE has been handled, i.e. mainly through Rodigast (although there has been direct LCIPIT contact recently), is unnecessarily cumbersome and not suited to the close consultation needed to explore QRPONE's future directions. Having been declared [redacted] the most secure place to meet QRPONE is [redacted] and he should be handled directly by an LCIPIT officer.

5. Security. QRPONE cannot escape the record of allegations that he is Agency-connected. What he can do, however, is face-up to these charges, challenge them and deny them. There may thus always be some element of suspicion attached to him, but, as time passes without definite proof of such a connection, its impact on his activities may be minimized and he may be able to engage in effective work in spite of it.

6. Sub-agents. It was felt that QRPONE may possibly have a flair for recruiting and handling sub-agents. It was believed that this should be explored and that he should be given relevant training, based in [redacted] This would also provide the opportunity for Headquarters exploration with him of his future development.

7. Future Focus. What QRPONE's own thoughts might be on his most natural course of development are not clear. He may have an inclination toward African Liberation Movements--the subject of his most recent major writing--but it could be questioned whether on this or on anti-fedayeen work, there is sufficient Agency interest to merit such focus. He has no significant base in the American black community (rather the contrary) which would make him of interest to others on this basis. His overt political orientation is described

SECRET

SECRET

as "radical," but it is an intellectual "radicalism," not revolutionary. Further, he is basically a theoretician not a personal activist by nature. He might be asked and might undertake an activist role—but it is felt that it would not sit naturally upon him and would probably not achieve whatever access might have been postulated. Within his theoretician, non-activist context it was nevertheless felt that the probably-to-be-expanded field of Chinese Communist activities in Europe provided the focus which might most usefully be explored. The expansion of Chinese Communist activities in Europe may come quite slowly but, in view of the probable shortage of assets in this field, it was a matter on which we should have some patience. It is also a field which could be explored without QRPONE's needing to move. Whether he focusses on this field or another, however, QRPONE needs to develop some job or organizational base which will make him interesting as a target himself to those we wish to focus him on. At the present time his cover does not provide a power or influence base and he is essentially completely dependent upon us.

9. Some time has passed since the above discussions took place. I am not aware of the extent to which there may already have been a follow-up to them. Needless to say, they have decided field implications in which LCPIPIIT needs to be consulted, should they be pursued.

AGENT EVALUATION

NAME: QRPHONE/1

DATE: 18 January 1971

PROJECT: QRPHONE

STATUS: Contract Agent (Under
a Memorandum of Oral
Agreement)

COVERT JOB DESCRIPTION: Singleton agent targeted at the radical left, including Maoist, African liberation, and Palestinian groups. Q/1's access derives from his many contacts in these circles.

PERFORMANCE OF COVERT DUTIES: Q/1 continues to perform well and without posing problems for his handler. His personality is easy-going and his attitude positive. If his efforts are not always totally successful -- leaving us with tantalizing bits of information and many unanswered questions -- this is generally due to operational circumstances in which he was simply unable to elicit more information on a given subject.

PERFORMANCE OF OVERT DUTIES: Q/1 does a solid and workmanlike job as a journalist. He has acquitted himself well both as a representative of his cover firm and in his free lance activity. Occasional prompting on this subject produces added effort and in this connection the operation profits particularly from the energy and knowledge of the deep-cover agent handler who himself has faced similar cover demands over many years.

ATTITUDE TOWARD JKLANCE: QRPHONE/1's attitude is positive. (See below under Motivation.)

ATTITUDE TOWARD COVER EMPLOYER: Q/1's attitude is good. He has made an effort to discharge his part of the cover arrangement and to understand the weaknesses and problems which plagued his former cover organization. He is approaching his new cover arrangement with enthusiasm.

MOTIVATION IN ACCEPTING JKLANCE RELATIONSHIP: This is a subject on which a good deal has been said over the course of this operation. The following points can be made on the subject of Q/1's motivation:

A. His basic image of JKLANCE is positive.

SECRET

B. This image of JKLANCE as a powerful, professional organization has been enhanced in Q/1's case by the circumstances of his agent relationship, which require very professional handling. Indeed Q/1 has probably come to hold a rather glamorous "storybook" image of JKLANCE and of the importance of his contribution to the JKLANCE effort. This is a very human trait and should not be exaggerated in his case, but every one of the wild anti-JKLANCE stories which he heard probably only serves to accentuate the feeling on his part of being a member of a very impressive outfit.

C. In his political evolution over the years, Q/1 has become active in at least two "causes". In both instances he saw these causes undermined by petty jealousy and factional struggles and in both cases he was personally harmed as a result. The product of this situation has been a certain disillusionment with "causes" and a cynical political outlook. (In other circumstances this might be called political maturity.) Q/1 now tends to view political trends as a detached observer rather than a participant.

D. Following on the foregoing thought is the fact that he is an American (and does not consider himself disloyal). Given his citizenship and his disinclination to feel "involved" in the currents of the radical left, he has been perfectly willing to accept employment by JKLANCE to report on those currents. He does not give any indication that he views this as "squealing" on his friends -- indeed the contrary seems to be the case.

E. On a more mundane level, it must be realized that Q/1 was recruited at a time when he was in serious financial straits. He was without a job and was living off the charity of his wife's family. JKLANCE has given him a job, paid him reasonably well and regularly, and has enabled him to be independent of his wife's family's charity.

F. Having accepted JKLANCE employment for a combination of the reasons set forth above, it must be added that Q/1 clearly likes his work. He enjoys dealing with international issues and political subjects. He enjoys the travel and the opportunity to exercise his language capability. In short, the rather sophisticated and cosmopolitan life which he has been able to live appeals to him.

G. In assessing the relative importance of these several factors which make up Q/1's motivation, the undersigned would stress that C and E were probably the immediate causes of his acceptance of recruitment while A and D were more underlying. B and F have arisen since recruitment and probably play an important role in his current motivation.

SECRET

WIFE'S ATTITUDE TOWARD JKLANCE: Q/1's wife is not witting of his JKLANCE affiliation. She was allowed to believe that he was working indirectly for the Chinese. She certainly is aware of the past JKLANCE accusations which have been leveled at Q/1, but as far as Q/1 can determine (and this is not a subject on which he can come right out and ask a direct question) she continues to accept the Chinese story. It should be added that Mrs. Q/1 [] and is the holder of some rather typical "left" anti-JKLANCE attitudes. It should also be noted that the relationship between the two is fraught with a variety of problems thereby adding to the complexity of the situation. Certainly the whole subject of Q/1's activities is one which Mrs. Q/1 views with misgivings and which is simply not discussed -- lest it lead to acrimony. Mention should also be made that Mrs. Q/1 seems to accept as legitimate the small amount of money received from Q/1's cover and to regard this as a genuine stringer relationship.

RESPONSE TO CASE OFFICER HANDLING: QRPHONE/1 has a very pleasant personality and responds well to Case Officer handling. He is a most willing asset requiring no special handling care -- other than the normal professionalism expected in the handling of a sensitive asset such as Q/1.

WILLINGNESS TO ACCEPT INSTRUCTIONS OR GUIDANCE: Q/1 is willing to accept guidance and criticism -- provided it is constructive. If anything, he may sometimes be too willing. His willingness occasionally exceeds his sense of security and it then falls to his handler to bear in mind security and/or operational considerations which may affect his pursuit of a given target. However, this should not be over dramatized.

RESPONSIVENESS: Q/1 is most responsive to requirements levied upon him. In this connection it should be recalled that his ability to respond fully is usually restricted by the nature of his relationship with his informants; i.e., since he is only eliciting the information from unwitting informants he is rarely able to press for all the desired details.

JKLANCE CONTROL: Q/1 is dependent upon a JKLANCE salary and he has signed recruitment documents and a security pledge. We hasten to add that Q/1 is not a handling problem and there has never been any instance in which either he or his handler has had occasion to allude to these control factors.

PERSONAL SECURITY: Q/1 has a good sense of personal security and his handler makes an effort to build upon this at every opportunity. As cited above, Q/1's enthusiasm sometimes leads to his failure to consider all aspects and implications of a given situation.

SECRET

OTHER SECURITY AND COVER SITUATIONS: The past allegations of Q/1's affiliation with JKLANCE, many pre-dating his actual recruitment, add an extra dimension to Q/1's cover situation. We have no indication that any of these allegations are based on any proof, nor have they produced a significant reduction in his number of contacts.

ABILITY TO WORK WITHOUT SUPERVISION: Q/1 is a self-starter and can work well for extended periods without supervision.

ADMINISTRATIVE REQUIREMENTS: Q/1 poses only a minimum administrative burden. He is not overly concerned about his administrative and financial position, allowances, payments, etc. He merely expects JKLANCE to do the fair thing by him. However, on the rare occasion when JKLANCE has failed to perform as he expected, he can be very upset.

REPORTING: Q/1 is a journalist by training. He is an effective reporter -- both in terms of ability to elicit and writing style.

PERSONAL ENERGY AND ENDURANCE: Q/1 is quite energetic and can continue his efforts on a sustained basis.

LANGUAGES: In addition to his (native) English, Q/1 can speak French, Italian and German.

WILLINGNESS TO TRAVEL: Q/1 is quite willing to travel -- and even enjoys it!

AREA KNOWLEDGE: Q/1 is quite widely travelled in Europe and Africa and consequently has acquitted an extensive area knowledge.

ADMINISTRATIVE AND FINANCIAL ABILITY: Q/1's present operating context does not provide an adequate basis to evaluate these talents. It is assumed that he has a satisfactory competence in both these areas, however.

WEAKNESSES; PERSONAL AND PROFESSIONAL: Q/1 has no major weaknesses, either personal or professional which inhibit his operational use. The existence of his "reputation" as a JKLANCE asset -- which is believed by some and rejected by others of his contacts is a definite limitation on his employment.

CAREER POSSIBILITIES: Q/1 has mentioned to his handler that he hopes to be able to make a career of his relationship with JKLANCE. He enjoys the work and presumably the financial security. However,

SECRET

the combination of the security factors operative in this case and the unlikelihood of Q/1's continued access to targets of interest over a prolonged period argue against his being regarded as a career asset.

Aaron C. Laginestra

AARON C. LAGINESTRA
FIELD CASE OFFICER

COMMENTS OF SUPERVISOR: This is another thoughtful evaluation of this agent, and reflects the views of the agent handler as well as of the Case Officer.

I doubt that we have really divined Q/1's motivations for working with JKLANCE, and this evaluation should be read as the best stab we can make at this enigmatic subject.

MEMORANDUM FOR: C/CA/B3

SUBJECT : Chicom Aspect of QRPHONE/1's
Operational Potential

1. In continuing my efforts to probe operational areas for the redirection of QRPHONE/1, I talked at length on 3 January with his former case officer [] and received a very favorable prognosis regarding QRPHONE/1's mobility (i.e. his possible move to another European city or to Africa), his agent recruiting capability (preceded by additional training), and the prospects of making himself attractive to the Chicoms (again preceded by appropriate training).

2. In pursuit of the latter item I talked at length today with [] the FE Division expert on long-range Chicom and CP penetration programs. I described in detail QRPHONE/1's background, current status, and the variety of plans we have in mind and received [] reactions as follows:

A. The butterfly characteristics that QRPHONE has demonstrated thus far will never result in his becoming of interest to either the Chicoms or the Soviets for any operationally meaningful purpose. While the Soviets would perhaps see him as potential FI source, the Chicoms would not even do that.

B. Chicom officers abroad are still totally obsessed with Communist doctrine and its strategic and tactical application to a degree significantly more zealous than their Soviet counterparts. Therefore, in looking at potential foreign assets the Chicoms discard persons of shallow substance as far as their knowledge of Communism is concerned. They are interested in only those who have a serious intellectual understanding of Communist doctrine and a serious revolutionary goal. The thousands of leftists of whatever coloring floating around Europe are seen as only of marginal use to the Chicoms and certainly not the sort that they would take into their confidence.

SECRET

SECRET

C. To become of long-term operational use to us in the sense of exploiting his possible long-term use to the Chicoms, QRPHONE/1 should do two things: join an existing "acceptable" organization such as the Trotskyite Party or a black radical party and, at the same time begin a serious study of Marxist/Maoist doctrine. As he gets into this program (preceded by some ten days training and close Headquarters direction) he should begin to seek out Communist intellectuals, party members, leaders of radical groups, etc., to ask questions about the dialectic, seek additional guidance, borrow books and so forth. In doing this he will in time come into the attention of the professional spotters the Chicoms have and begin to develop the sort of bona fides that the Chicoms, in time, will find appealing. He should also in this period seek out Chicom officials with the same requests for help. The key here is to demonstrate not that QRPHONE/1 is simply sympathetic, with Maoism or any other Communist shading but that he is a dedicated serious revolutionary.

D. A quicker way to come into the Chicom spotlight might be for QRPHONE/1 to join the Black Panthers, the SDS or one of the other radical groups with which the Chicoms are already known to be in touch. He will obviously have to sweat out a period of probation in joining any such group until he divests himself of his tattered leftist reputation and those JKLANCE accusations. [] feels that a successful passing of this baptismal period will depend solely on QRPHONE/1's willingness to plunge wholeheartedly into a serious study of the terribly boring and lengthy volumes of the dialectic. As he demonstrates his capability to move more deeply into this field to the satisfaction of the "spotters" he will be accordingly provided additional help and encouragement by Chicom contacts and officials.

E. The Chicoms will be looking at him as a possible asset in their long-range targetting of the American revolution, hence QRPHONE/1's utterances ought to be couched in terms of his ultimate aim of contributing to and participating in the American revolution. In other words the Chicoms would see little or no use for QRPHONE/1 operationally in Europe or Africa []

SECRET

SECRET

F. [] felt that should we pursue the above as a long-term operational goal for QRPHONE/1, the city in which this takes place is almost irrelevant. He could do it perhaps as well in an African setting as in Europe and his cover status i.e., with LPWEAKLY, really makes no difference because the Chicoms would test the fiber^{ful} man himself and would not be deterred by his external trappings.

3. In answer to my question, [] he would be happy to meet with QRPHONE to assess his potential in this area and then, assuming we all decided to go ahead with such redirection, [] could train him and guide him thoroughly enough to get him well on the track by spending some seven to ten days with him on a concentrated program.

17 DEC 1971

MEMORANDUM FOR: Deputy Chief, Covert Action Staff

SUBJECT: QRPONE

REFERENCE: Your Memorandum, Same Subject,
Dated 29 November 1971

1. What follows below are some initial comments of mine on the referent memorandum, per your request. We really feel in Branch 3 that for a variety of reasons, we need more time to deliberate on QRPONE's future operational activity than the previous two weeks. Partly this is due to extended absence by the case officer in charge who has been plagued with a recurring illness--I believe you are familiar with this. It is also in part attributable to the Section Chief's being new to the position and having his time absorbed by matters of current priority. So if you don't mind, we should like to address ourselves further to this subject following the Christmas holidays. At that time we should like to initiate some meetings on this matter both with yourself and with other area components including representatives from CI Staff.

2. Background: Your memo, of course, was triggered by an earlier one of mine which proposed that QRPONE become operationally engaged in attempting to establish a black Communist cell [redacted]. The purpose of this would be twofold--namely, to exacerbate relations thereby between the Soviet Union and mainland China through various low-key covert action undertakings, and in the process to further enhance QRPONE's own credentials as a Maoist activist. This tentative assignment, it should be noted, arose because Branch 3 personnel had become increasingly aware of the possibility that QRPONE's project status might be terminated in the not too distant future. While it is true that in the immediate preceding month or so, we have benefited from his intelligence reporting, it is all too clear that over the past two years, he has been of diminishing utility to CA Staff and other area divisions. In discussing his future with his recent case officer [redacted] her recommendation was that unless something could be found for him in the near future, we should give serious consideration to terminating

SECRET

SECRET

his services during the coming year. Thus my foregoing proposal arose from a desire on my part not to terminate an asset of proved capabilities without giving the agent in question suitable opportunity to become useful once more.

3. CI Type Review/ORPHONE Personal Security: Your memo makes out there have been frequent security reviews of ORPHONE's security status, and you question the efficacy of our doing still one more. On this let me point out that in making such a security assessment, we would be doing so in response to a current request by the area division concerned whose cooperation we need to direct this agent. One hardly needs stress that such a request probably should be honored in the interests of maintaining good relations even if its fulfillment means redundant work. But apart from this, the case officer also informs me that the case file does not contain any general summary of the alleged security breaches involving ORPHONE and their implications vis-a-vis his activities. It is true however that his security status has been reviewed for each annual project review and that assessments of his security status were made following each alleged breach, but no up-to-date summary exists. As for our own gut feelings on his personal security, one hazards that he is still in pretty good shape. I agree with you that many of the past charges leveled against him are of the same ilk as those leveled against other leftist colleagues (who do not have any Agency association) by their rivals. And as for the structure of his case officer relationship--that is, having him handled by a deep cover officer from an adjacent country--this would appear to be secure in the extreme (so much so that one would advocate that it be dropped due its operational inefficiency.)

4. Location: We tentatively agree that in all likelihood [redacted] should not be the venue for our proposed operational undertaking due the location [redacted] however, might do very well. If not [redacted] perhaps you or EUR Division might suggest another locale. As for the question as to whether or not the [redacted] station would want him permanently, only time and his own operational success could determine this. One hazards that if ORPHONE were able to make his way with some good local leftists and had promise of developing some kind of relationship with mainland China representatives, the station might come to regard him as a capital asset.

SECRET

SECRET

5. Substance: You noted that ORPHONE . . . "cannot just simply show up and start a leftist nuclei . . ." Why not? Others have. He is a well-known leftist in intellectual circles in Europe and has written many articles in praise of Mao. This should do for a start. As for what he might have to offer local leftists . . . money, energy and ideas will do. A great deal of money, of course, is unneeded, but some is. We can supply it. As for ideas and energy, he has both. Concerning the "built-in jealousy, animosity, etc." which such action would likely engender on the part of local rival leftists, this may or may not occur. But is this such a calamity if it should occur? Are not leftists usually fighting among themselves anyway? In any case, we have nothing to lose by trying to salvage this agent. What we have to lose by not trying is an agent asset of proved worth.

6. Credentials: You say in effect that ORPHONE has not been known as an activist but only as an intellectual. (Frankly, the distinction is not very important in my mind.) Be that as it may, he has written many articles on leftist subjects and has talked to innumerable leftists around Europe over the years. True, he has not been involved in such actions as street demonstrations, but we would not like him to be so personally involved in the future in any case. What we would want him to do is to write pamphlets, informally recruit associates to his group and provide a little money to the group as might be required for various undertakings. Aside from the organizing and funding, actually this is not very different from what he has been doing--except that it will be in one place for a change.

7. [redacted] You may be very correct in saying that shopping him around to European stations [redacted] is a poor way to solicit useful tasks for ORPHONE. But again, I took my lead from C/EUR/CA who made a request along these lines. [redacted] is willing at some future time to visit various field stations and to attempt selling ORPHONE's services personally, we would be happy to have him do so. We, of course, don't know when he will be available to do so, and time is passing.

8. Concluding Comment: I really feel that we should relate to you in some detail the success which [redacted] once had with the kind of undertaking which we have proposed for ORPHONE. It may interest you. On the other hand, it may be perfectly possible that the situation which [redacted] once manipulated is not applicable to

SECRET

00000

SECRET

the conditions which would confront ORPHONE in say [] But
if we are not to channel his energies in this direction, it is incumbent
upon us to think of something else for him to do before we begin
thinking about writing him off. And so when you suggest that . . .
"the first order of business is to undertake a basic assessment
of the project. . ." I agree. And to this end, we should like a couple
of weeks more before coming to you with some general conclusions
of ours about the current viability of this case and some future
alternative course of action.

MEMORANDUM FOR: C/CA/B3

SUBJECT: Operational Redirection of QRPHONE/1

1. In response to your request that I examine the QRPHONE/1 project to determine how it might best be redirected in order to gain greater value for the time and money involved, I have talked at some length with appropriate officers in CI/SO and Africa Division. I have been advised that the primary reasons for QRPHONE/1's dwindling productivity are as follows:

A. Key centers of activity of the radical left in Europe are London, Paris, and Stockholm. For different reasons QRPHONE/1's access in these three capitals is either circumscribed or off target.

His reputation among target groups of interest to us has been so tarnished that he has not been taken into their confidence significantly enough to be of value.

B. Although he has a multitude of contacts among the left, virtually all are shallow, periodic, and then very brief when they do occur. Even his correspondence to the more important radical leaders, which used to be quite informative, has fallen to almost nothing.

C. Because his contacts are so cursory, he has been unable to develop a close and continuing personal relationship with any one of them in order to develop the intimate confidence so necessary for operational exploitation.

D. His cover has always been thin and thus has circumstantially at least lent credence to the periodic allegations of his being a JKLANCE agent.

SECRET

SECRET

E. Close case officer direction has been made very difficult because of the echelons existing between QRPHONE/1 and LCPIPIT, coupled with relative infrequency of field case officer meetings.

F. What contacts he has within the African target, for example, are rendered virtually useless because his case officers are unfamiliar on a timely basis with Africa Division requirements and also miss valuable operational leads simply because they do not recognize them. (This is no fault of the case officers because they obviously have little opportunity to keep abreast of such requirements.)

G. The somewhat artificial nature of his trying to portray a pro-Mao stance may help him a bit with targets similarly inclined but renders him ineffective with other political shadings among the left.

2. With all of the above in mind and without belaboring the history of this project, the following recommendation is offered and has been concurred in informally by CI/SO and Africa Division officers with whom I have talked.

A. Accepting the fact that QRPHONE/1's operational utility in Europe is minimal, I propose LCPIPIT be directed to begin making arrangements for his transfer PCS to Africa and, hence, his operational control transferred to Africa Division as soon as feasible.

B. From the point of view of MECHAOS requirements and Africa Division's own requirements, both elements felt QRPHONE/1 could best be exploited [redacted] It is one of the two most active cities in Africa for the radical left, it is a hot-bed of both Soviet and Chicom shenanigans, and it is politically vital to East African stability.

C. However, because of QRPHONE/1's well-known association with two exiled [redacted] opposition politicians [redacted] and current reports that these oppositionists are plotting the overthrow of [redacted] (perhaps with Soviet assistance), it would be very imprudent for QRPHONE/1 to arrive bag and baggage [redacted] in the near future. [redacted] and his police might well conclude that QRPHONE represents the advance probe of the coup plotters and promptly throw him into jail.

2

SECRET

SECRET

D. Both to give QRPONE/1 time to cleanse his tattered image and because there are almost as important operational tasks in West Africa, the idea is to move him (1) [] or (2) [] for perhaps a year. This is to be done in concert with a suitable strengthening of his cover (i.e. two or three more stringers) and a concurrent mutation of his political posture to that of a plain old anti-imperialist rather than the more confining pro-Mao stance. He would be run directly [] Station against local targets but with periodic trips to other parts of Africa for cover as well as operational purposes. Meantime, in the intervening months the dust may settle a bit in [] the close association with opposition elements would be allowed to fade and QRPONE/1's writings and pronouncements concerning [] would be calculatedly designed to support the [] government.

E. At the appropriate time, a year or so perhaps, he then moves PCS to []

3. If you concur with the above, I will procede to staff this out more formally here at Headquarters and to advise LCPIPIT.

MEMORANDUM FOR: Chief, CA/B-3

SUBJECT: QRPHONE

REFERENCE: Your Memorandum, Subject: QRPHONE
Operations in Europe, Dated 24 November
1971

1. I made some notes in the margin of referent memorandum upon first reading it. However, since these are too brief, I thought it best to let you have my thoughts on this matter in fuller form.

2. As you may know, we had tried for years to give QRPHONE more meaningful assignments, but there are certain facts about him and the operation today which simply cannot be ignored. It seems to me that your memorandum takes inadequate account of these factors.

a. Security: RODIGAST's and QRPHONE's personal security cannot be faulted, in my judgment. However, that has not protected QRPHONE from accusations of being CIA, which have haunted him throughout the years. This is such an endemic charge in the milieu in which he operates that I feel certain he would have had the same charges leveled at him [redacted]

b. Location: Apart from the efficiency [redacted] there are a number of good reasons arguing against the desirability of QRPHONE's [redacted] for a meeting, let alone being stationed there (e. g., protection of RODIGAST's identity, [redacted] and the location there of [redacted] I cannot imagine why he would consider it, or why we should advocate it.

SECRET

A different cover for a move to [] might be developed, but not that of a Maoist developing new cells. [] Station is glad to have him come there and give them "grass roots" reports whenever he visits, but would they want him permanently??

c. Substance: More generally, QRPHONE cannot just simply show up and start forming nuclei -- there are already Maoist nuclei -- the various Marxist-Leninist parties (miniscule though they may be) that existed, and they continue to exist with or without Chinese help. If he were to have something to offer them -- money, preferably -- they might welcome him with open arms. Otherwise he will encounter built-in jealousy, animosity, rivalry, and a source of accusation all over again.

d. Credentials: As a Maoist intellectual (or an intellectual Maoist??), QRPHONE can travel all over. As a Maoist activist, he has only minimal credentials. The only group he is actively involved with is [] -- and even with that he has never carried a placard, and I doubt if he has even helped them with making up a placard. He has helped them with their press releases, leaflets, etc. In short, with the written word, not the deed. By nature -- which we must also take into consideration -- QRPHONE is no longer a "doer" -- if he ever was one. And I doubt very much that he can at this stage in his life become a "doing" radical. We would be misusing his natural talents, which could still serve us well, in favor of dubious undertaking.

In effect, the proposal (if I read it correctly) is to have QRPHONE develop a group which would serve to distribute anti-Soviet material. I cannot judge if that would be worth the cost (\$40,000??) [] but I doubt it. I also do not know enough about the [] operation to comment on that aspect, particularly as to its feasibility in a sophisticated European community.

e. [] Shopping him around to the European Stations is the wrong approach, in my judgment. In the first place, any Station likely to have a use for him is already extremely well up on QRPHONE's background. There are only [] Stations really

SECRET

SECRET

heavily involved in anti-CP ops (in which field I suppose this would fall), and those [] have former CI/ICG men who know QRPONE well:

[] QRPONE has talents and abilities and weaknesses which can best be explained/sold in person, not through dispatch. [] [] []

f. "CI-Type" Review: A review of the file will show how often this has been done, and how thoroughly. (I can understand [] asking for a security review -- he had no background knowledge of the operation that would have given him this information.) I do not know what you now expect to find. In all frankness, and unless CI Staff feels the need for yet another review and is willing to undertake it, I would consider a Staff-internal review pretty much a waste of time.

3. Having gone around this problem several times in the past several years with CI Staff and the pertinent area divisions (as the files will clearly show), I am most doubtful that any of them will consider QRPONE of sufficient interest (current or potential) to pay what it costs to maintain him. We may be able to justify it since we attempt (as no one area division would) -- and to some extent succeed -- to target him on a multi-divisional basis. In light of these considerations, and since I have developed serious reservations on the long range viability of this operation (in terms of the cost-effectiveness factor), I believe that the first order of business is to undertake a basic assessment of the project. After some internal discussions, this will also, of course, entail consultations with the CI Staff and at least [] area divisions.

4. I will appreciate receiving your comments by mid-December.

24 November 1971

MEMORANDUM OF MEETING

SUBJECT: QRPHONE Operations in Europe

1. [] EUR/CA, and myself briefly discussed prospective QRPHONE operations on 8 November. During the discussion I outlined to him a general proposal which had been bruited about during my recent TDY at LCPIPIT in mid-October. In substance, this proposal was that following QRPHONE's forthcoming trips through Scandinavia and Africa, he then repair to either [] for an extended period of time. In either of these locations he would then attempt to identify and to enlist the cooperation of various unwitting contacts in the left sector of the student and youth population, who could assume in time the trappings of a Maoist study group. QRPHONE would have excellent cover for doing so inasmuch as he is an established writer of the Maoist stripe. His relationship with these contacts or followers would not be set in the routine JKLANCE operational context. Rather, he would guide and motivate such contacts as would an alleged covert representative of a Maoist group, and would claim to have been a member of a larger such group []. He would, of course, imply to his followers that he is attempting to develop a similar nucleus in [] or whenever, as good Communists should.

2. Operational activity would be of a twofold nature. First, exploitation of the prospective group of Maoists would follow along lines of a typical black Communist cell, emulating the kind of notional movement which [] developed in the Middle East some seven or eight years ago. Hopefully, these unwitting followers, in turn, would each recruit two or three other sympathizers who over time could distribute anti-Soviet literature and perform other low-key CA operations, as directed by the Station, and which could be attributed to the PRC. Presumably their actions would result in some local embarrassment to the USSR and the PCI. Second, QRPHONE, himself, would no doubt enhance his own Maoist credentials--already strong--to the point where he might well become

SECRET

SECRET

of focal interest to the PRC. This could lead to invitations to Peking [redacted] and possibly an FI operation of consequence vis-a-vis the China target.

3. The efficacy of the aforementioned scheme seemed to pose some doubts [redacted]. On the one hand, he did not feel that either [redacted] Stations had sufficient case officer strength on hand to direct and support a tricky operation of this type which might have only marginal utility, in their view. As for [redacted] the [redacted] police, being as efficient as they are, would probably come upon QRPHONE's "black net" in time, and could conceivably pose security problems for him. As an alternative, [redacted] proposed that CA Staff write a general dispatch to all [redacted] Stations describing the asset and indicating that the Staff would like to see greater use made of QRPHONE's capabilities [redacted]. The dispatch should ask the Stations to comment on the service that QRPHONE might provide them and suggest the means for accomplishing it. [redacted] also asked that, prior to forwarding the dispatch, a security review be conducted of this case. He did comment that, if the security review indicated no severe compromises of QRPHONE's cover or personal security, it would be a pity not to make greater use of this agent's notable contacts in the [redacted] leftist community.

You not surprised - would you inclined to agree

I believe that the situation likely to be improved. I believe that the situation likely to be improved.

4. Accordingly, I agreed with [redacted] two recommendations; namely, to conduct a security review of the case and, subsequently, to forward a blanket dispatch to the Field, if appropriate. I mentioned that we would still like to raise the possibility of a black operation [redacted] in that dispatch and to this, [redacted] posed no objections.

Chief, Branch 3
Covert Action Staff

Addendum: Following the above conversation, [redacted] has initiated a CI type of review of the Subject's security status.

I'm not opposed to another CI-type review but, frankly, an under the impression that this has been done quite exhaustively several prior times.

4. The charge is made that QRPHONE is too thinly spread and there is a recurring urge that his targetting be better focussed. Can he in fact be better focussed on a multi-divisional basis or would focussing, in practice, result in his being narrowed down to a primarily divisional target?

5. Granting that the CIA label is somewhat indiscriminately used for character assassination in the conspiratorial fringe in which QRPHONE has been operating, isn't he in fact stuck with this label and in view of the international character of this conspiratorial fringe, won't it turn up wherever he goes? In this milieu is there really much chance he will be given any significant information (and not deception information) by anyone who will do so because he wants the information passed to CIA?

6. When he was looked into in April 1968 by a Chicom official, what do we suppose to be meant by the officials finding that it was not clear if he was completely reliable in a Marxist-Lenist sense?

7. How eagerly sought-after are travelers to China now-a-days? What is the forecast as to demand for such travelers by next summer?

8. With a reportedly anti-US, [redacted] wife and [redacted] children, how really mobile is QRPHONE in a PCS sense? If we should move QRPHONE and family to a new location for a trial period and it didn't work out, wouldn't resettling him have considerable complications?

9. In how many languages does QRPHONE have verbal and written fluency?

10. What are the current clearance limitations upon our use of QRPHONE?

11. One gathers from the project renewals that QRPHONE's CIA status is known [redacted]
[redacted]

that [] was under some suspicion. QRPHONE has been refused entrance at the border by the Swiss authorities. Does anyone doubt that in view of the groups and individuals he contacts on his travels he has a dossier in each of these countries? Does anyone doubt that in many of these dossiers the alleged CIA connection is recorded? In view of this, isn't it a fact that probably the safest place for him to be contacted [] in spite of whatever tradecraft he and Rodigast may practice? In spite of a rapport and background knowledge elements which he undoubtedly benefits from with Rodigast, are these factors worth the extra handling complications? Doesn't this handling method essentially double the cost of the operation?

12. What were the reasons for the break with "Fair Play for Cuba?" the break with Verges? Does QRPHONE have a power base at all among American negroes (SNCC doesn't like him and it is recorded in the renewals that blacks and revolutionaries sense that he is not "sincere")?

13. Can't we determine right here at Headquarters the degree of interest [] in having a rather low-level propaganda operation involving anti-Soviet propaganda ostensibly emanating from pro-Chicom sources? Now that the PRC has decided to go "legit," what is our best estimate as to the likelihood that they will lose interest in previous and current pro-Chicom fringe groups?

14. Other than on the above, if we asked QRPHONE to become involved in depth with one of the groups he is in touch with, wouldn't he have to act "more Royalist than the King," and wouldn't he be the first to come under suspicion in case action against the group pointed to a leak?

15. If he could not take covert action himself through such a group to what extent are we now or potentially likely to become involved with covert action by other groups against:

- anti-Vietnam action
- African liberation movements
- New Left groups
- pro-Chicom groups
- Fedayeen groups

16. What are QRPHONE's real talents? Why hasn't he been able to do more about establishing himself on a more self-sustaining basis? Is it because of the targets we keep pushing him on? What is meant by these allusions to QRPHONE's "work discipline?" Do his talents possibly point toward some covert action use in a role where the CIA label is relatively less important?

1. For over a year ZIBET personnel have sought to stimulate more ~~SMORANGE~~ reporting on the activities of certain high level African expatriates in London. Up to now the results have been meager and discouraging, and in addition JAGUAR gained JKLANCE's agreement that ORPHONE/1 should desist from pursuing these London targets.

2. Perhaps stemming from the recent visit of SMOVID to Headquarters, however, we have just received an informative and useful report, prepared by JAGUAR, on Osumba L a n g i, the principal radical Kenyan expatriate in London, along with promises of other studies on targets mentioned during the Headquarters discussions. This is possibly a hopeful note for the future.

3. Prior to this development, JKLANCE had received only one report from JAGUAR in response to various appeals and the submission of requirements. That report, received in December 1970 was in response to Headquarters-supplied requirements forwarded the previous February (and resubmitted in August 1970), but contained very little positive information. Furthermore, the report's format and tone suggested that JAGUAR's reply was intended as a one-time affair. It certainly did not invite further questions nor indicate an intention to volunteer further details later.

4. In reviewing the correspondence on this matter, it was noted that the verbatim minutes of February 1970 Headquarters discussions with SMENCB and SMOBRAGE contained a passage that may cast new light on JAGUAR's position. In response to ZIBET officers' queries about what JKLANCE could expect from JAGUAR (it previously having been made clear by the SMOOTH officers that the target was JAGUAR's), the visiting SMOOTH officers said of JAGUAR's position: "They have a ~~DISPATCH TOP~~

| <p>constitutional problem with their responsibilities to IDEN. The idea of passing out political information on exiles is repulsive to him." It should be noted for the record that JAGUAR itself has not given such an explanation to JKLANCE, but, knowing JAGUAR's bureaucratic position and its traditionally conservative role in the SMORANGE community, it may be that JAGUAR in fact is thus inhibited.</p> <p>5. As to QRPHONE/1, SMOVID on 15 June 1970 followed up his March 1970 complaints to JADWIN about QRPHONE/1's contacts with expatriates in London. SMOVID expressed JAGUAR's concern about QRPHONE/1's security and its view that QRPHONE/1's information was of marginal value. SMOVID emphasizing that he was expressing a view personally endorsed by SMUPSILON, outlined three possible options: withdraw QRPHONE/1 from the country; stop running and tasking QRPHONE/1 as an agent; or have JAGUAR take over the running of QRPHONE/1. (QRPHONE/1 subsequently was instructed to stop pursuing his SMORANGE targets.)</p> <p>6. Thus JKLANCE is stymied. The question is whether there is anything that can be done to improve the situation. The one new factor in the equation that possibly could be used to reopen the discussion with a view to ameliorating the situation is the fact that there now is a different IDEN than when the February 1970 SMOTH explanation was offered. Even though JAGUAR has not specifically given that explanation, to JKLANCE, the Station, without reference to SMOTH's explanation presumably could elect to reopen the discussion in terms of a possible change of atmosphere since the change of IDEN. Such a discussion at least should give an indication of whether SMOTH's explanation is JAGUAR's (and JKLANCE's) major obstacle.</p> <p>7. Were QRPHONE/1 permitted to resume his London contacts he could obtain some information of the type JKLANCE would like to get from JAGUAR. But, in view of the June 1970 SMUPSILON-approved SMOVID demarche to JADWIN, it might be unwise, for the moment at least, to sound out JAGUAR about reactivating QRPHONE/1. He would appreciate receiving London Station's views on this subject.</p> <p>8. One final point that should be noted is that [] in forwarding the above-mentioned JAGUAR report on 24 December 1970, mentioned that visiting ZIBET officer Jeremy R. FREYMARK recently had discussed these JKLANCE requirements in London with SMOVID, SMENDIVE and SMEVICT and that it was [] understanding that "it was generally agreed to limit our requests in the future to selected targets on which there is evidence of coup plotting or subversion." [] added that he looked forward to any followup questions based on the above criteria that Headquarters wanted the Station to submit to JAGUAR. FREYMARK's recollection of his talks with JAGUAR is at slight variance with [] account. FREYMARK recalls that he had agreed to limit JKLANCE's future requests to those cases in which JKLANCE had an active interest and where there was good reason to suspect a real threat to the stability of the African country against which the London-based African might be acting. Accordingly, there is attached a select list of individuals about whose contacts and activities JKLANCE would like to have updated information from JAGUAR. The type of information we desire is indicated by the illustrative questions and other data in support of our request. Whereas we would like to have unsolicited and regular reporting on these targets, we realize that JAGUAR is not equipped or prepared to accept such a continuing requirement. We believe that the attached list along with the paragraph five discussion pegged to a change of IDENS are good pegs for GIBSON or his designee in re-opening the discussion with JAGUAR.</p> | | |

- 9 MAR 1971

Sir/Madam-

I am directed by the Secretary of State to inform you that he is now prepared to remove the restrictions on your stay in this country. The conditions attached to it have therefore been cancelled.

Cancellation of conditions means that you are now also exempt from the requirement to report changes of address and other particulars to the police.

There is now no necessity for you to obtain permission from a government Department to take employment in Great Britain. The Secretary of State would, moreover, have no objection if you wished to establish yourself in business or a profession, but it should be clearly understood that this does not relieve you of the obligation, in that event, to conform to any regulations governing the business or professional activities in which you may be interested.

This cancellation of your conditions does not extend to the Channel Islands which have their own laws relating to aliens. You should therefore consult the Immigration

Authorities of the island concerned if at any time you contemplate going there to live.

This cancellation of conditions extends to Northern Ireland and the Isle of Man only as far as residence is concerned. If you are going to take work in either place, you will have to consult the Northern Ireland Ministry of Health and Social Services or the Employment Division, Government Office, Isle of Man.

Your passport and police registration certificate have been endorsed and are returned herewith. The endorsement in the registration certificate shows that you are now exempt from registration.

I am Sir/Madam
Your obedient Servant

AGENT EVALUATION

NAME: QRPHONE/1

DATE: 18 January 1971

PROJECT: QRPHONE

STATUS: Contract Agent (Under
a Memorandum of Oral
Agreement)

COVERT JOB DESCRIPTION: Singleton agent targeted at the radical left, including Maoist, African liberation, and Palestinian groups. Q/1's access derives from his many contacts in these circles.

PERFORMANCE OF COVERT DUTIES: Q/1 continues to perform well and without posing problems for his handler. His personality is easy-going and his attitude positive. If his efforts are not always totally successful -- leaving us with tantalizing bits of information and many unanswered questions -- this is generally due to operational circumstances in which he was simply unable to elicit more information on a given subject.

PERFORMANCE OF OVERT DUTIES: Q/1 does a solid and workmanlike job as a journalist. He has acquitted himself well both as a representative of his cover firm and in his free lance activity. Occasional prompting on this subject produces added effort and in this connection the operation profits particularly from the energy and knowledge of the deep-cover agent handler who himself has faced similar cover demands over many years.

ATTITUDE TOWARD JKLANCE: QRPHONE/1's attitude is positive. (See below under Motivation.)

ATTITUDE TOWARD COVER EMPLOYER: Q/1's attitude is good. He has made an effort to discharge his part of the cover arrangement and to understand the weaknesses and problems which plagued his former cover organization. He is approaching his new cover arrangement with enthusiasm.

MOTIVATION IN ACCEPTING JKLANCE RELATIONSHIP: This is a subject on which a good deal has been said over the course of this operation. The following points can be made on the subject of Q/1's motivation:

A. His basic image of JKLANCE is positive.

SECRET

B. This image of JKLANCE as a powerful, professional organization has been enhanced in Q/1's case by the circumstances of his agent relationship, which require very professional handling. Indeed Q/1 has probably come to hold a rather glamorous "storybook" image of JKLANCE and of the importance of his contribution to the JKLANCE effort. This is a very human trait and should not be exaggerated in his case, but every one of the wild anti-JKLANCE stories which he heard probably only serves to accentuate the feeling on his part of being a member of a very impressive outfit.

C. In his political evolution over the years, Q/1 has become active in at least two "causes". In both instances he saw these causes undermined by petty jealousy and factional struggles and in both cases he was personally harmed as a result. The product of this situation has been a certain disillusionment with "causes" and a cynical political outlook. (In other circumstances this might be called political maturity.) Q/1 now tends to view political trends as a detached observer rather than a participant.

D. Following on the foregoing thought is the fact that he is an American (and does not consider himself disloyal). Given his citizenship and his disinclination to feel "involved" in the currents of the radical left, he has been perfectly willing to accept employment by JKLANCE to report on those currents. He does not give any indication that he views this as "squealing" on his friends -- indeed the contrary seems to be the case.

E. On a more mundane level, it must be realized that Q/1 was recruited at a time when he was in serious financial straits. He was without a job and was living off the charity of his wife's family. JKLANCE has given him a job, paid him reasonably well and regularly, and has enabled him to be independent of his wife's family's charity.

F. Having accepted JKLANCE employment for a combination of the reasons set forth above, it must be added that Q/1 clearly likes his work. He enjoys dealing with international issues and political subjects. He enjoys the travel and the opportunity to exercise his language capability. In short, the rather sophisticated and cosmopolitan life which he has been able to live appeals to him.

G. In assessing the relative importance of these several factors which make up Q/1's motivation, the undersigned would stress that C and E were probably the immediate causes of his acceptance of recruitment while A and D were more underlying. B and F have arisen since recruitment and probably play an important role in his current motivation.

WIFE'S ATTITUDE TOWARD JKLANCE: Q/1's wife is not witting of his JKLANCE affiliation. She was allowed to believe that he was working indirectly for the Chinese. She certainly is aware of the past JKLANCE accusations which have been leveled at Q/1, but as far as Q/1 can determine (and this is not a subject on which he can come right out and ask a direct question) she continues to accept the Chinese story. It should be added that Mrs. Q/1 [] is the holder of some rather typical "left" anti-JKLANCE attitudes. It should also be noted that the relationship between the two is fraught with a variety of problems thereby adding to the complexity of the situation. Certainly the whole subject of Q/1's activities is one which Mrs. Q/1 views with misgivings and which is simply not discussed -- lest it lead to acrimony. Mention should also be made that Mrs. Q/1 seems to accept as legitimate the small amount of money received from Q/1's cover and to regard this as a genuine stringer relationship.

RESPONSE TO CASE OFFICER HANDLING: QRPHONE/1 has a very pleasant personality and responds well to Case Officer handling. He is a most willing asset requiring no special handling care -- other than the normal professionalism expected in the handling of a sensitive asset such as Q/1.

WILLINGNESS TO ACCEPT INSTRUCTIONS OR GUIDANCE: Q/1 is willing to accept guidance and criticism -- provided it is constructive. If anything, he may sometimes be too willing. His willingness occasionally exceeds his sense of security and it then falls to his handler to bear in mind security and/or operational considerations which may affect his pursuit of a given target. However, this should not be over dramatized.

RESPONSIVENESS: Q/1 is most responsive to requirements levied upon him. In this connection it should be recalled that his ability to respond fully is usually restricted by the nature of his relationship with his informants; i.e., since he is only eliciting the information from unwitting informants he is rarely able to press for all the desired details.

JKLANCE CONTROL: Q/1 is dependent upon a JKLANCE salary and he has signed recruitment documents and a security pledge. We hasten to add that Q/1 is not a handling problem and there has never been any instance in which either he or his handler has had occasion to allude to these control factors.

PERSONAL SECURITY: Q/1 has a good sense of personal security and his handler makes an effort to build upon this at every opportunity. As cited above, Q/1's enthusiasm sometimes leads to his failure to consider all aspects and implications of a given situation.

00000

OTHER SECURITY AND COVER SITUATIONS: The past allegations of Q/1's affiliation with JKLANCE, many pre-dating his actual recruitment, add an extra dimension to Q/1's cover situation. We have no indication that any of these allegations are based on any proof, nor have they produced a significant reduction in his number of contacts.

ABILITY TO WORK WITHOUT SUPERVISION: Q/1 is a self-starter and can work well for extended periods without supervision.

ADMINISTRATIVE REQUIREMENTS: Q/1 poses only a minimum administrative burden. He is not overly concerned about his administrative and financial position, allowances, payments, etc. He merely expects JKLANCE to do the fair thing by him. However, on the rare occasion when JKLANCE has failed to perform as he expected, he can be very upset.

REPORTING: Q/1 is a journalist by training. He is an effective reporter -- both in terms of ability to elicit and writing style.

PERSONAL ENERGY AND ENDURANCE: Q/1 is quite energetic and can continue his efforts on a sustained basis.

LANGUAGES: In addition to his (native) English, Q/1 can speak French, Italian and German.

WILLINGNESS TO TRAVEL: Q/1 is quite willing to travel -- and even enjoys it!

AREA KNOWLEDGE: Q/1 is quite widely travelled in Europe and Africa and consequently has acquitted an extensive area knowledge.

ADMINISTRATIVE AND FINANCIAL ABILITY: Q/1's present operating context does not provide an adequate basis to evaluate these talents. It is assumed that he has a satisfactory competence in both these areas, however.

WEAKNESSES; PERSONAL AND PROFESSIONAL: Q/1 has no major weaknesses, either personal or professional which inhibit his operational use. The existence of his "reputation" as a JKLANCE asset -- which is believed by some and rejected by others of his contacts is a definite limitation on his employment.

CAREER POSSIBILITIES: Q/1 has mentioned to his handler that he hopes to be able to make a career of his relationship with JKLANCE. He enjoys the work and presumably the financial security. However,

the combination of the security factors operative in this case and the unlikelihood of Q/1's continued access to targets of interest over a prolonged period argue against his being regarded as a career asset.

AARON C. LAGINESTRA
FIELD CASE OFFICER

COMMENTS OF SUPERVISOR: This is another thoughtful evaluation of this agent, and reflects the views of the agent handler as well as of the Case Officer.

I doubt that we have really divined Q/1's motivations for working with JKLANCE, and this evaluation should be read as the best stab we can make at this enigmatic subject.

MEMORANDUM FOR: Deputy Chief, Covert Action Staff

ATTENTION:

SUBJECT: Completion of Training Report for QRPHONE/1 (P),
Training Alias: PERSHING

REFERENCE: Memorandum for Director of Training dated 28 September
1970, Attention: Chief, Covert Training/CS/TR,
Subject: Covert Training for QRPHONE/1, From:
Deputy Chief, Covert Action Staff

1. QRPHONE/1 was trained covertly on 14, 15, 16
October 1970. There were twelve hours of training in the three sessions.

2. In accordance with the reference training request and discussions
between the instructor and the two Case Officers, QRPHONE/1 was given
a concentrated dosage of reporting instruction with emphasis on spotting
and assessment reports.

3. QRPHONE/1 is a professional writer, so there was no problem
in the writing department. The need was for channelling the writing
capabilities of this man who has been an Agent for five years, into
our type of reporting and to end his "stream of consciousness" style
of reporting, as one Case Officer put it.

4. QRPHONE/1 quite quickly got into the spirit of the training
and by the end of the first session was obviously enjoying it and
appreciating the opportunity to learn to write our way. He pointed
out that his big problem is having to retain substantial amounts of
information in his head for two or three weeks, then put it all down
the night before he meets his Case Officer. From his conversation,
it appeared that organizing a report had never occurred to him before
and he several times said "no one ever told me about this", "this is
the first I've learned of this, etc." These things were said in happiness
at having discovered ways of improving his reporting and simultaneously
making his reporting less of a chore and more of a joy.

*If true, this
is a sad re-
flection on
C/D's failure
to train*

5. In organizing a report exercise, he did extremely well. In exercises separating fact from inference, he did only fairly well, considering his background and compared to trainees with no where near his experience or education. He has a slight tendency toward jumping to conclusions and reading meanings into words. He realized this and from then on he overcame this weakness to a considerable degree. However, even on the last day, writing reports based on New York Times newspaper articles, he twice (out of five reports) substituted his own word for a word in the article for no valid reason and which new word in fact changed the meaning of the sentence, though only slightly.

6. This small weakness is not unique to QRFHONE/1. It is also true of other equally highly literate trainees, who, like QRFHONE/1, unconsciously substitute their own language for that which has been directly given to them, not realizing that they thereby sometimes change the meaning of that which they are reporting. Happily, QRFHONE/1 realized this during the exercises, recognized the changed meaning, and earnestly stated that he will watch it in the future.

7. In observation and description exercises, he did well after a rocky start. Here, he at first concentrated on individuals, almost completely ignoring the actions they were engaged in. He soon saw that he has a mental capacity to watch both at once and there was no problem thereafter.

8. He was excellent in his ability to separate hard facts and put those in the body of his reports while listing as comments those items which legitimately were comments and which had no place in the report itself.

9. For the final session, he had been asked to do assessment reports on two people. He was mortified when he came in on the last morning, happily handed in his five intel reports and suddenly realized that he had completely forgotten to do the other reports. However, in discussing spotting and assessment reports, it appears that he now understands them.

10. In an effort to evaluate the effectiveness of the training, we would appreciate a detailed evaluation report in November 1971 from the field station. This report should indicate the extent to which the training has made the trainee a more useful and effective asset and should evaluate the performance in each area of tradecraft in which training was conducted; negative as well as positive comments are solicited. The field station's report should also include the trainee's own comments.

Upon receipt of the report at Headquarters, please forward a copy to the undersigned.

MEMORANDUM FOR: Director of Training

ATTENTION: Chief, Covert Training/OS/TR

SUBJECT: Covert Training for QRPHONE /1

1. This is to confirm telephone conversation between [redacted] and [redacted] Chief, Counter Front Branch, requesting covert training for subject contract agent.

2. We would like to have this training begin 14 October 1970, and can make the agent available full time for three days only. We are planning to have the training take place [redacted] and Mr. Lazarus has already indicated orally to [redacted] that he will be available.

3. Our main objective is to provide QRPHONE /1 with a firm understanding of what is required for good intelligence reporting and also the skills needed for spotting and assessments. QRPHONE /1 has been an Agent for over five years and has absorbed a good deal of tradecraft in the process. He has not, however, had any formally organized training.

4. We would like to have QRPHONE /1's outside case officer (handler) present during this training.

5. Subject and his operational background represent a highly sensitive area and we would appreciate the selection of a training site with this in mind. Biographic background as needed by your instructor will be provided by Chief, CA/CF with whom all further arrangements for this training should be made.

Monsieur GIBSON

Cher Monsieur,

Je vous confirme l'entretien téléphonique que nous avons eu au sujet de votre affaire.

A de nombreuses reprises, Maître VERGES a proposé de régler votre affaire et notamment le 1er juillet 1967 et il a proposé - ce que j'ai accepté immédiatement - de vous régler ainsi qu'à votre ferme, en dinars, lors de votre premier voyage en Algérie, une somme équivalente à la moitié de vos demandes respectives.

J'ai vu dans le cadre de nos pourparlers, la proposition manuscrite de Maître VERGES, dont les termes sont assez fidèlement reproduits ci-dessus.

A plusieurs reprises, Maître CAIN m'a confirmé l'accord de Maître VERGES pour régler sur ces bases ; toutefois ces derniers mois, il m'a fait savoir qu'il ne l'avait pas revu depuis un certain temps.

Pour vous permettre de discuter utilement avec Maître VERGES, si vous le rencontrez, je vous rappelle le montant des deux demandes :

1°) pour vous-même : salaire : 4.500 fr -
préavis : 9.000 fr -
congés payés : 1.500 fr -

Il est demandé en outre un certificat de travail, des fiches de paye et la régularisation de votre situation à l'égard de la Sécurité Sociale.

S/C ATT. 1X OEPA-02425 CS COPY

Je pense que vous abandonnez ces trois derniers postes qui n'ont aucun intérêt pour vous. Je crois.

2°) pour votre épouse : salaire : 4.500 fr
préavis : 4.500 fr
congrés payés: 1.500 fr.

Il est en outre demandé des fiches de paye et la régularisation à l'égard de la Sécurité Sociale. Ces deux derniers postes me semblent sans intérêt, comme pour vous-même.

Je pense donc que vous pourriez demander à Me VERGES de remplir les engagements qu'il a pris à votre égard, savoir paiement de la somme de 12.750 fr français convertis en dinars.

Merci de me tenir au courant.

Veuillez, je vous prie, transmettre mes amitiés à votre épouse.

J'espère avoir le plaisir de votre visite lors de votre retour en Angleterre.

Je vous prie de croire, cher Monsieur, à l'expression de mes sentiments dévoués.

| AGENT'S CRYPT | : QRPHONE/1 | DATE OF FOR/ON | : 20 May 1969 |
| PERIOD COVERED | : 1 October-31 December 1969 | COSTS | : [REDACTED] |
| CASE OFFICER TIME: | 12 working days per month (average) | | (Field visits only) |

1. SUMMARY OF OPERATIONAL DEVELOPMENTS DURING PERIOD: During the quarter an effort has been made to target QRPHONE/1 on the activities of the Palestinian liberation groups and their European supporters. A good start has been made in this effort. QRPHONE/1 undertook a "reconnaissance" of those European leftist groups active on this issue. (See OEPA - 2227) This in turn led to his being invited to attend the Congress of Palestine Solidarity Committees which was held in Algiers in late December. (See LCPIPIIT 7667).

In early November QRPHONE/1 made a brief visit to Paris to re-establish certain of his radical contacts there. (See OEPA - 2229, he likewise made a visit to The Netherlands in mid-December.

In October QRPHONE/1 made another extended visit to Italy in order to "take the temperature" of the radical left. The reporting from this visit was forwarded to Headquarters and Rome in OEPA - 2113 and OEPA - 2170. This visit was deemed to have been useful by Rome Station which asked that another such visit be scheduled for February 1970.

A visit to Nairobi by QRPRANK in late December may offer an opportunity for an added assessment of her - something which has been sought for some time.

QRPHONE/1 continues his cultivation of various African personalities in London who are of operational interest. See OEPA - 2141 for a discussion of QRPHONE/1's relations with [REDACTED] and OEPA - 2197 for a discussion of his relations with [REDACTED]

2. SPECIFIC MATTERS OF OPERATIONAL SIGNIFICANCE: QRPHONE/1 by the Special Branch of Scotland Yard - advised by his activities in connection with the Palestine issue - the nature of some of his security problems. The decision was taken to advise the leadership of the Special Branch in order to end the police in [REDACTED] (instruments). See LONDON 8082, DIRECTOR 000343 and LONDON 8075 for dated details.

The suspension of activity by QRPHONE/1 has been [REDACTED] for a new cover to be found for QRPHONE/1. Although the [REDACTED] can continue to be used for one or two more months, a new cover arrangement must be sought with all deliberate speed. One suggestion in this was made in LONDON 7993. It is our understanding that Headquarters is [REDACTED] and possibly others. Meanwhile QRPHONE/1 has been instructed to project a "business as usual" image. He should be able to do so with no adverse effect on his cover.

3. ESTIMATE OF AGENT'S CONTINUED DEGREE OF ACCESS TO TARGETS: QRPHONE/1's access remains substantially unchanged - with a possible improvement in access to the Palestinian target due to his attendance at the Algiers meeting.

4. DEBENT TO WHICH AGENT HAS BEEN ABLE TO OBTAIN INTELLIGENCE PRODUCTION: ORPHONE/1 has again been able to produce intelligence with energy and enthusiasm. He has fulfilled all his assignments to the maximum degree feasible - given the limitations imposed by the unwitting informant-type relationship. Despite every effort by ORPHONE/1 to overcome this limitation - it must be recognized as a factor in this operation.

During the quarter ORPHONE/1 was the source of a number of reports.

5. SPECIFIC REQUIREMENTS LEVIED UPON AGENT FOR THIS QUARTER: ORPHONE/1 will follow-up on his access to the Arab/Palestinian target. He will attempt to cultivate leaders in this cause - both Egyptian and Arab - with the objective of taking a trip to the [redacted]

ORPHONE/1's postponed trip to [redacted] has been tentatively re-scheduled for April (in the next quarter).

ORPHONE/1 will re-visit [redacted] per [redacted] Section's request, for another look at the activities and attitudes of the [redacted]

ORPHONE/1 will continue his development of African personalities of operational interest [redacted]

6. AGENT'S PERSONAL RESPONSE TO ASSIGNMENTS FOR 2. QUARTER: ORPHONE/1's response to assignments, like his performance, continues to be enthusiastic and energetic. The comments made in previous quarterly (and other reports) remain valid insofar as LOPIPIIT and RODIGAST are able to judge.

7. AGENT'S PERSONAL RESPONSE TO CASE OFFICER'S ATTENDING TECHNIQUE: ORPHONE/1 has a very good personality and relates easily to others. This is a positive factor in the collection of information from his many contacts and also makes dealing with him a pleasant and uncomplicated experience. ORPHONE/1 has an excellent handling - including direction and criticism - well as in a constructive vein. The same holds true of critique of his reporting.

8. ADMINISTRATIVE MATTER, INCLUDING PROMOTION, TRAINING: A new method of funding the bulk of ORPHONE/1's salary to his Swiss bank has been approved and will be put into operation in January. This was necessitated by the problems of BIRNEE - which were cited in previous reports.

An increase in salary of \$100 per month has been approved for ORPHONE/1. This will be effective 1 January and will be put into an escrow-type arrangement in order that it not increase ORPHONE/1's standard of living.

9. GENERAL COMMENTS ON AGENT PERFORMANCE: ORPHONE/1 is an excellent asset. He has performed well and effectively against his targets.

10. ACCOMPLISHMENTS AND EVALUATION OF EFFECTIVENESS OF OPERATION: The initial effort to gain useful access to the Palestinian target seems to be progressing well. In subsequent quarters we will see whether or not this progress can be maintained.

The progress toward operationally useful contacts with key Africans in London (Phonbeah and Kambona) is painfully slow. In this - as in all other situations - the problem is mainly the nature of ORPHONE/1's access to his

SECRET

.3.

contacts (that of an unwitting informant). We feel that given this situation QRPHONE/1 is doing as well as might reasonably be expected.

OEPM - 858 was a much appreciated analysis of QRPHONE/1's recent reporting on the [] target and explained why much of this has not been judged disseminable. Having reflected on this we realize that this is actually not surprising. It should be recalled that Rome Station specifically requested that QRPHONE/1 get away from rigid formal CS-type reporting and render more opinionated journalistic type reports. This type of reporting has been judged quite useful by Rome Station - but it is useful in an operational manner and for general appreciation of the situation. Thus it was not surprising that an analysis of this particular group of reports turned out as it did. Rome Station has orally noted to LOPIPT that QRPHONE/1's visits will continue to be welcome and his reporting of definite use - even if this utility is outside the CS framework.

In general we feel that this operation is progressing well. In the past there may have been a tendency on the part of certain "customers" to exaggerate QRPHONE/1's potential - with a consequent let-down when the realities of QRPHONE/1 the man and his access to targets was brought home. We now feel that this is behind us. Judged against the realities of his situation, his access and the nature of his targets, we think that QRPHONE/1 makes excellent progress against those targets assigned him.

7 NOV 1969

MEMORANDUM FOR: Deputy Chief, CA Staff

SUBJECT: LCPIPT Request for ORPHONE/I Salary Increase

REFERENCE: OEPA - 2122

1. The following is a breakdown of ORPHONE/I's salary history:

| | |
|----------------------------|-----------------|
| Starting salary, June 1965 | \$600 per month |
| 1 September 1966 | \$700 per month |
| 1 July 1967 | \$800 per month |

All of the above figures are tax free. In addition, as of 1 May 1969, Subject was given an additional \$50 per month (also tax free) as our contribution toward some form of insurance against the future (endowment, lump sum cash value, or whatever the Field and he finally selected). This appears on the books as a salary increase. However, although to his ultimate advantage, it does result in a small decrease in take-home pay since Q/I is also required to make a contribution to the payment of the premium.

2. In addition, Q/I's MOC also provides for \$10,000 indemnification in case of death, or payment of \$600 per month up to \$10,000 to his wife in case of his total incapacitation or disappearance while employed by CIA. Allowance had originally been made for this provision when he seemed to have an excellent chance for travel [redacted]; this year we included the provision as a general benefit, not tied to any particular type of hazardous travel alone. Finally, this year's amendment to his MOC also included a severance bonus of one month's salary for each year of satisfactory service. We placed \$3,200 in a special escrow account to cover his previous four years' service, and are providing in our Project renewals for each year's required deposit to that escrow account. Please note, however, that this benefit has not yet been surfaced either to ORPHONE/I or to RODIGAST, by decision of LCPIPT (a decision which I believe was wise).

3. It is my feeling that the proposed salary increase of \$250 tax free per month is way out of line. I believe that paragraph 3 of the reference, comparing Q/I with a hypothetical GS-12 is a rather specious and unrealistic argument. Q/I, although an American, is an agent, and nothing more, and as you note in your penciled comment the question of quarters, allowances, and periodic step increases is not relevant. In addition, while I do not subscribe

SECRET

Q/201

SECRET

to some of the criticisms that have been leveled at his production, the fact remains that I have not seen any marked improvement during the past two years in the quality of the material he provides us. As time goes on and the realistic criteria of what is disseminable and what is not are applied more and more to his production, and this production in turn remains at its present level of superficiality, we will see less and less of it qualify for dissemination. Since he is an FI agent, this has considerable significance, although it of course does not present the full picture of his capabilities. His operational intelligence has been received with mixed evaluations; usually his initial coverage of a subject is very well received and often whets the appetite of the recipient for more; somehow, however, that "more" never seems to materialize -- they get more of exactly the same caliber, but little more in terms of depth of reporting. Perhaps the fault lies in ORPHONE/I, in which case we should realize early that what we have here is not a true FI agent, but a sort of "operational intelligence butterfly." Perhaps, on the other hand, the fault lies in RODIGAST's handling of the man, not in terms of the personal relationship which RODIGAST has been able to build up with him, but maybe even because of that relationship. I remember when I first talked with RODIGAST I quickly realized that he felt he knew more than Headquarters as to what was important for Q/I to cover and what was not; I am sorry I missed RODIGAST on his TDY here and when I was [redacted] and that his home leave has been postponed, for I had hoped to determine for myself whether RODIGAST still felt that way. Whatever the reason, I am by no means giving up on Q/I, but will continue to try to narrow down his targets so that he will have a fair shake at showing what he can do when he is not allowed to cover the waterfront.

4. What the above paragraph is leading up to, is that I do not in all honesty feel that he has done anything to really deserve a promotion, except build longevity since the last one, and perhaps not follow up (actively) on that newspaper job offered to him (his preference, in any event). However, I do realize that a man must have an incentive, and would like to propose that we suggest to LCPIFIT that a more realistic increase might be in the neighborhood of \$100 a month, and that the severance bonus mentioned in paragraph 2 above might now be surfaced both to RODIGAST and to Q/I as a new benefit.

5. Attached for your ready reference is a copy of the ORPHONE quarterly report for 1 April to 30 June 1969; this is the last one we have received.

QUARTERLY REPORT

| STATION/BASE | : LCPIPIT (London) | PROJECT | : QRPHONE |
| AGENT'S CRYPT | : QRPHONE/1 | DATE OF POA/OA: | 23 May 1966 |
| PERIOD COVERED | : 1 July-30 September 1969 | COSTS | : \$4,344.14 (Field Costs Only) |
| CASE OFFICER TIME: | 12 working days per month (average) | | |

1. SUMMARY OF OPERATIONAL DEVELOPMENTS DURING PERIOD: Pursuant to plans developed as a result of [] TDY, QRPHONE/1 made a continuing effort to deepen his contacts with various African personalities connected with the []. Although some progress has been made with persons who seem of secondary importance, QRPHONE/1 still is unable to gain the confidence of the central characters such as []

QRPHONE/1's one week stay [] was a week of intense activity for QRPHONE/1 and saw his local "credentials" put to a most demanding test. QRPHONE/1 performed extremely well throughout the week. See OELA - 51297 for details.

QRPHONE/1 has been able to monitor the activity of Belgian Communist [] who is attempting to become a key figure in the Palestinian liberation movement. See OEPA - 2037, 2099 and 2123.

Following an overture from a U.S. newspaper QRPHONE/1 made a quick trip [] to consult with Headquarters officers regarding the implications of this overture on his RVROCK status. See LCPIPIT 4222 and DIRECTOR 28728 for details.

Through two unwitting female informants QRPHONE/1 was able to obtain reporting on the Algiers Cultural Festival. See OELA - 51298.

QRPHONE/1 has continued his monitoring of the activity of various African liberation movement figures in London.

2. SPECIFIC MATTERS OF OPERATIONAL SECURITY AND COVER: QRPHONE/1's vacation [] with his family produced a marked improvement in his domestic situation - with its consequent impact upon the cover and security of the entire operation. This remains a matter of concern and one which will be carefully monitored.

QRPHONE/1 is now entering into a more meaningful overt correspondence with [] QRPHONE/1, including discussions of his participation in the new magazine. This will have a positive impact upon QRPHONE/1's cover as a representative of QRPHONE/1.

A new means of funding QRPHONE/1's salary is being sought to replace BIKNEE, which is no longer functioning due to unrelated problems encountered by the principal agent of that operation. For a review of the security implications of this matter (which are thought to be minimal) please see DIRECTOR 46178.

3. ESTIMATE OF AGENT'S CONTINUED DEGREE OF ACCESS TO TARGETS: QRPHONE/1's access to his various targets remains substantially unchanged.
4. EXTENT TO WHICH AGENT HAS BEEN ABLE TO SERVICE ASSIGNMENTS, INCLUDING INTELLIGENCE PRODUCTION: QRPHONE/1 has approached all his assignments with enthusiasm and energy. He has fulfilled these assignments to the maximum

SECRET

degree feasible - given his cover and the unwitting informant-type nature of his relationship with his many contacts. QRPONE/1 makes every effort to overcome this limitation and in this regard a plentiful supply of background information greatly facilitates his elicitation of added details from his informants. However, this limitation is one which will always be with us in the case of QRPONE/1 and it is one which can sometimes be particularly frustrating. During the past quarter QRPONE/1 has been the source of 11 intelligence reports prepared by LCPIPIT/Reports.

5. SPECIFIC REQUIREMENTS LEVIED UPON AGENT FOR ENSUING PERIOD: QRPONE/1 will make a trip [] in late September and early October in order to survey the situation within the Italian new left/radical sector. This trip is one which has been requested by Rome Station. (The trip will have been completed by the time this report is received by Headquarters.)

QRPONE/1's contact with an official of the Eritrean Liberation Front led to a TDY by AF Division officer [] to brief LCPIPIT on the ELF and to discuss possible operational exploitation of this contact.

QRPONE/1's trip to the United States has been deferred until spring 1970 by which time any possible repercussions from QRPONE/1's return will be relatively unlikely.

An effort will be made to explore the operational possibilities posed by QRPONE/1's existing (or potential) contacts within the Arab liberation movements. Headquarters views on this matter were requested in OEPA-2044.

A re-scheduling of QRPONE/1's trip [] has been proposed and Headquarters and [] have been asked for guidance/requirements.

6. AGENT'S PERSONAL RESPONSE TO ASSIGNMENTS LEVIED INCLUDING MOTIVATION, PERSONAL SECURITY, ETC.: QRPONE/1's response to assignments, like his performance, continues to be enthusiastic and energetic. The comments made in previous quarterly reporting regarding his security and motivation remain valid insofar as RODIGAST and LCPIPIT are able to judge.
7. AGENT'S PERSONAL RESPONSE TO CASE OFFICER HANDLING OR CRITIQUE OF HIS REPORTING TECHNIQUE: QRPONE/1 has a very pleasant personality and relates easily to others. This is a positive factor in his elicitation of information from his many contacts and also makes dealing with him a pleasant and uncomplicated experience. QRPONE/1 accepts case officer handling - including direction and criticism - well and in a constructive vein. The same holds true of critique of his reporting. Please see previous reporting on this subject for added details.
8. ADMINISTRATIVE MATTERS, INCLUDING PROMOTIONS, TRAINING: A new means of funding QRPONE/1's salary is now being devised. This has been the subject of several items of correspondence between Headquarters and LCPIPIT. We plan to consult with the [] representative [] on this matter.

QRPONE/1 has had some purely overt problems with his [] bank (an apparent error in his statement, etc.) He is also being charged very high service charges for the performance of routine transfers. If he is not able to resolve his problems with this bank it may be necessary for him to change banks.

At LCPIPIT's insistence QRPONE/1 has begun to invest a portion of his monthly salary in a reputable Mutual Fund of his choice. This modest investment program will enhance his financial security in the event of termination and/or a rainy day".

| <p>1. As previously reported, we related to JAGUAR the incident in which [] is believed to have searched ORPHONE's papers while the latter was out of town. As you know, there have been some indications in the past which might be taken to suggest that [] was a JAGUAR contact - he works for [] and seems to be in touch with [] and on one occasion provided ORPHONE with a report (on ORPEONY) which came almost simultaneously from JAGUAR. Clearly, this does not add up to much of a case, and we could hardly conceive that JAGUAR would be involved in the harrassment of ORPHONE. Even if there was no JAGUAR contact with [] however, we felt it might be possible that JAGUAR could add to our understanding of this peculiar development from sources available to their own net. JAGUAR's reply is as follows []</p> <p>[]</p> <p>"With reference to your letter of 24th April 1969, we have been informed by a secret and delicate source that [] the newly appointed [] [] has recently been told by [] of the incident of [] search of [] papers. A substantial increase in QRPHONE/1's salary has been requested by LCPIPIIT. We have further proposed that this increase be paid into an escrow-type account. See OEPA - 2122 for details.

9. GENERAL COMMENTS ON OVERALL AGENT PERFORMANCE: QRPHONE/1's overall performance has been superior.
10. ACCOMPLISHMENTS AND EVALUATION OF EFFECTIVENESS OF PROJECT: QRPHONE/1 continues to perform in a most effective manner.

| <p>1. As addressees are aware ORPHONE/1 has officially been denied entry into Switzerland since 16 December 1963. This order was issued in connection with his employment with Identity A, which was then receiving money from the Chinese--in violation of Swiss neutrality. A similar order was also issued at that time for Identity B, who was the Editor of Identity A.</p> <p>2. It is now some six years later and ORPHONE/1 (at least overtly) is employed as a legitimate journalist. He is not a member of any group which is proscribed by the Swiss authorities--although, of course, he maintains contact with a wide variety of leftist individuals in pursuit of his operational tasks. ORPHONE/1 has noted that Identity B has been allowed back into Switzerland--in connection with his defense of Arab terrorists and feels that if the Swiss are willing to do this for Identity B then they should also lift the ban on his entry into Switzerland. ORPHONE/1 obviously feels personally about this, and it may be that future operational benefit could be gained if ORPHONE/1 were again able to enter Switzerland.</p> <p>3. We are forwarding under separate cover a copy of a report written by ORPHONE/1 following his contact with the Swiss Embassy on this matter. We are also forwarding under separate cover a copy of the letter which he sent the Embassy in which he formally states his request that the entry ban be lifted.</p> | | | | |

| <p>4. You will note that the Swiss Embassy suggested that QRPHONE/1 work through the U.S. Embassy on this matter. We have told QRPHONE/1 <u>not</u> to do this, but rather to deal directly with the Swiss. If he needs certification of his status as a working journalist we suggested that QRPHONE/1 obtain this from the appropriate professional organization (of which he is a member) in London.</p> <p>5. We presume that the Swiss Embassy will be forwarding QRPHONE/1's letter to Bern. We will appreciate being advised of any Swiss action, or statements, on this case which may come to the attention of Bern Station. Any advice which Bern Station can offer regarding QRPHONE/1's pursuit of this matter will be welcome.</p> <p>6. SUBJECT

Monthly Report/Errol S. KULPA

ACTION REQUIRED REFERENCES

1. Attached find contact and subject reports covering activities of KULPA during the month of January 1963. The two outstanding characteristics of this project remain a helter-skelter operational pattern and the usual difficulties in administration.

2. We can not really blame KULPA for the former. His forte is moving around and being able to convince. These two qualities are rare enough not to demand in too loud a voice for the third--serious concentration on a long range target. It is not that KULPA lacks the professionalism, rather it is the tempo of his personal and professional life that inclines him to speed rather than accuracy. As last month was marked by the stop and go of [redacted] so this month was hampered by the upcoming Congo voyage. It is not that these ventures are unimportant, it simply remains difficult to judge KULPA's performance on events occurring outside our area of competence.

3. We can say nothing new or nothing untrue on the administrative aspects of the project. The cry is the same from all small stations--why must so much valuable time be spent on tiny administrative detail. In KULPA's case the matter is perhaps compounded by his transfer from [redacted] but his complete file is living evidence of the imbalance of the outside staffer. In the regular four way breakdown, the file reflects almost no paper in Plans and Development, Production is not fat, Operations is fuller but transitory, Support is a swollen, blistering monster. We see no end to it. Our present agenda for the next KULPA meeting calls for a discussion of [redacted] separate administrative items. One more chestnut and we are finished. The KULPAS of the world take precise careful case officering with sufficient time prior and post the meeting to bring order from chaos. It is just this time that a small station lacks. So far, we are glad to state. KULPA seems to be worth the price paid.

1. The first of the four is a letter to the author of the book, dated 1951, in which the author is asked to provide a list of the names of the persons who have been in contact with the author since 1945. The author's response is that he has not been in contact with any of the persons named in the list, and that he has not been in contact with any of the persons named in the list since 1945.

On 10/10/68, a letter from the FBI to the State Department, dated 10/10/68, advised that the FBI had received information from a source that the source had been contacted by a person who offered to provide information regarding the activities of the Black Panther Party (BPP) in the United States. Since QORPHONE/1's file at the Home Office indicates an interest on the part of JAGUAR in his case, JAGUAR was consulted prior to the issuance of the extension. In coordination with London Station it was decided that a re-newal of QORPHONE/1's one-year visa was preferable to the granting of permanent resident status--which would normally have been the case. LUSTIGER REPORT 228, Amora

19 Jan 63

Subj: Contacts with [redacted]

PAID: Aletti Hotel, two meetings 17 Jan and two meetings 18 Jan

1. [redacted] is starting a new publication to be called [redacted] such on the order of [redacted] which will be aimed at French-speaking North Africa, Middle East, and Algerians in France. An [redacted] trained [redacted] will be editor (he was untrained) and [redacted] will be the guiding genius. Color will be used for the cover and add inside, the plates being made in West Germany. An Arabic edition will be issued later.

2. [redacted] plans to use three photographers for the magazine, [redacted]

[redacted] [redacted] said he had to use Algerians even though they were not "photographers", but that he needed me to back them up technically.) He has already taken twenty-one photos from me and has given me a long list of others he wants. He has promised to pay 150 francs each to start, with raise in pay as the magazine progresses. I said my present work earns my living, and a question of prestige was more important than pay for the moment. (Comment: I'm not sure how serious [redacted] is, nor if he has the authority to use me. At least he talks a good game, and he has taken some photos to show the editor for use in the first few issues.)

3. Before [redacted] offered employment on the magazine, he asked if I would be free to spend three or four weeks in Angola and the Congo with [redacted] to take "several thousand" photos which could be used for the next several years in a continuing campaign for the liberation of Angola, with me retaining selling rights in the negatives and the entire trip being paid [redacted] I said I was willing if I could arrange it with my employers. That was at noon 18 Jan. At six p.m. 18 January, [redacted] announced to me that [redacted] had agreed to sponsor a trip for me to Angola. As a first step, [redacted] wanted me present at 1000 Jan 19 to take photos of his interview [redacted] I will be there.

4. [redacted] then said the Atlas once underway would not be his responsibility, just as he had loosed the reins of Al Shaab once it was started. Then he will publish an entire series of slick, one-time publications on the various phases of the Algerian government and its efforts, a photo book on Algeria, photo books on the various regions and problems of Algeria. Concurrently, he will be doing publications on Black African subjects, taking many, long swims through Africa to gather the information and photos. He said, "You will be working more with me and traveling through Africa at that time than working on Atlas, which should have a good backlog of Algerian photos by then." He added, "Of course, I'll have to get permission to take you on these trips—maybe they'll want an African photographer instead."

5. After the [redacted] interview today, I am to meet [redacted] to make further plans.

OF/OF/JAGUAR Reporting

Through London Station's liaison with JAGUAR we are sometimes able to monitor the reactions and attitudes of QRPBONE/1's enemies within radical circles [redacted] We are forwarding, u/s/c, copies of two such recent JAGUAR reports. In this case they were particularly helpful in underlining the continuing need for attention to the cover backstopping of QRPBONE/1's sources of income.

SOURCE

Summary: The First International Congress of Palestine Solidarity Committees in Algiers was sponsored by the Algerian Committee of Solidarity with Palestine. About 200 delegates, most of whom were Western European pro-Chinese militants, attended the event. In the proceedings of the Congress these militants sought to apply the Chinese theses of the "People's War" to the Palestinian struggle. The Congress firmly backed the notion that Al Fatah and the Palestine Liberation Organization (PLO) were one and the same body with Al Fatah acting as the vanguard body for bringing about unity among all Palestine commando/liberation organizations. A major decision of the Congress was the acceptance of a Palestinian proposal to create an information bureau in Algiers. The Algerians claimed that fifteen countries were represented. There was no list of delegates and the Algerian hosts went out of their way to assure anonymity among the participants. End Summary.

1. The Premier Congres International des Comites "Palestine" (First International Congress of Palestine Solidarity Committees) was held at the Club des Pins conference site ten miles outside of Algiers from 26 to 28 December 1969. It was attended largely by pro-Chinese militants from Western Europe. The total number of delegates was 188 -- 148 foreign, 20 Palestinian and 20 Algerian. The French delegation was the largest one present and the most divided into various factions.

The Congress was officially sponsored by the Algerian Committee of Solidarity with Palestine.

2. The participants, for the most part, espoused the Chinese theses regarding the "People's War" and applied these theses to the Palestinian struggle. While not directly criticizing the Soviet policies in the Middle East, it was evident in the Congress documents that the European militants sought to do so. For example, they strongly condemned the United Nations resolutions on the settlement of the Middle East conflict. The main conclusions of the Congress were: an acceptance of the Al Fatah as being the only genuine Palestinian revolutionary organization, and a decision to create an information bureau in Algiers which will be run by Palestinians. The bureau will provide information on developments in the Palestinian revolution to all the Palestinian committees throughout the world and to all revolutionary movements which support the Palestinian people. In conjunction with these Palestine committees, the bureau will sponsor meetings, lectures, debates, film shows and an annual conference. (Source Comment: Abu el H a s s e n, a prominent leader of the Palestinian delegation, confided to one of the delegates after the Congress that the Palestine Liberation Organization (PLO) would probably sponsor a conference in Jordan sometime in 1970 or 1971.)

3. (Source Comment: In private conversations with some of the Algerian participant-observers, they were not altogether pleased with the Congress, feeling that its conclusions were excessively leftist. The chief spokesman for the Algerians was M'hamed Y a z i d, who is the Algerian representative on the United Nations Security Council.)

4. The delegates slept at the Zeralda Tourist Center, located about eleven miles from the Club des Pins, and were bussed daily to the Congress site. The Algerian hosts saw to it that the delegates were kept busy and together. Strict security was maintained and the delegates had no chance to mingle with the Algerian people. There was no list of delegates and several of the participants used pseudonyms.

5. The first session of the Congress on 26 December, which included the attendance of a large group of Algerians, was chaired by Larbi B e n t o u m i (Algerian). (Field Comment: TOCSI# 315/05408-69, dated 31 December 1969, described Bentoumi as the Algerian defense lawyer in the recent trial in Switzerland of the three Palestinian terrorists charged with attacking an El Al Boeing 707 in Zurich in February 1969.) Most of the first session was devoted to assigning the delegates to the commissions and in arranging the timing of the various speakers, such as Y a s i r A r a f a t, Al Fatah's official spokesman and chairman of the PLO. Upon the recommendation of a Palestinian representative, the Congress voted by a majority of 33 votes to create three commissions for the event. These were commonly known as follows: Political Commission, Information Commission and Organization Commission. (Source Comment: The Palestinians obviously had come to the Congress with only one immediate practical aim, i.e., to obtain left-wing acceptance of the creation of a Palestinian information bureau.)

6. At the beginning of the second day of the Algiers Congress, 27 December, Bentoumi ceded the chair to Nabil H a s s e n of the PLO. For the rest of the Congress the Algerians played no active role, thus leaving the Palestinians with considerable freedom of action in the proceedings. The

1. Palestinians took over the chairmanship of the three commissions and guided much of the work of these groups. A (Comrade) "La b a u t" from Paris chaired the Information Commission; Abu El Hassen chaired the important Political Commission. (Field Comment: Source did not know the name of the Palestinian who chaired the Organization Commission.)

7. The most important Congress document was a political declaration which had been drafted in the Political Commission mainly by Abu El Hassen and (Chimanya) M a n c h a n d a, a British citizen of Indian descent who is chairman of the pro-Chinese British-Vietnam Solidarity Front (B/SV). (Source Comment: Manchanda confided that he was not completely satisfied with the text of the document, but considered it worthwhile nonetheless because it came close to what he considered were general Chinese positions, although it did not condemn the Soviet Union by name. Abu El Hassen and other Palestinians congratulated Manchanda for his success in ramming through such a hard-line political document. Manchanda had in fact dominated the final plenary session of the Congress on 25 December which voted affirmatively on the declaration.) On one occasion during the discussions in the Political Commission, Yazid tried to persuade the Commission (whose revolutionary commitments he claimed to share) that it should go easier in its condemnations of the United Nations.

8. Delegations from the following countries were represented at the Congress:

a. Austria - Represented by an observer from the Moscow-line Communist Party of Austria

b. Belgium - a divided delegation headed mainly by René R a l n d o r but which included a few supporters of Jacques G r i p p a, a current political enemy of Raindorf.

c. Brazil - Represented by a youth named McGill who lives in London.

d. Great Britain (two rival delegations) - Delegation led by Manchanda as follows:

(1) Manchanda, representing the Solidarity Front for the Liberation of Palestine and the Arab Peoples, and the Revolutionary Marxist-Leninist League

(2) Diana L a n g f o r d, of the Women's Equal Rights Campaign

(3) Mike K r y l i t s i a s, of the Revolutionary Marxist-Leninist League

(4) Wishek C h i n a m a s s a, of the Zimbabwe Students Union in Europe (ZSUE). (Field Comment: An official British Service reported in August 1969 that Chinamassa was expelled by the executive committee of the Zimbabwe African Peoples Union (ZAPU) as president of the ZSUE.)

SEX M (Source Comment: This delegation had been sent to Algiers by the London-based PLO representative. (Insuff. r m a n a z i, who is apparently the editor of the newspaper "Free Palestine". The newspaper, however, lists its editor as "Aziz Yafi". Armanazi had supplied the airfare for this delegation because he did not want the PSC people to go to Algiers under the arrangements of Manchanda. All of the PSC people were young and no match for Manchanda who, in the final session of the Congress, was able to isolate them completely inasmuch as they opposed the recognition of Al Fatah and the establishment of the information bureau in Algiers.)

e. Italy - Represented by delegates from the Italian Communist Party and the Socialist Party of Proletarian Unity (PSIUP). They decided to be in an observer status, although they were entitled to be participants by the fact that they belong to a Palestinian Solidarity Committee in Italy. The only open political opposition to the overall political line of the Congress came from the Italians who passed out a statement at the final session deploring the importation of left-wing quarrels into the issue of Palestine.

g. west Germany - The delegation was composed primarily of unidentified militants of the Socialist German Student League -- SDS. The group took a very left sectarian position and joined with the PSC from Britain in openly refusing to give full support to the Al Fatah. Jacques Verges

10 March 1964

Physical details

Verges is about 38 years old; about 5'5" tall and of medium build. He is fair colored, has a Chinese-looking face and wears spectacles. He has dark hair and dark eyes.

Parentage

Verges was born in Reunion Island which is a French Protectorate. His father is a citizen of that Island and his mother was from Indo-China. He has at least one older brother. The father was a Member of the French Parliament representing Reunion Island. Now the brother Paul Verges, is a Member of Parliament from that Island.

Marital Status

Verges was married about 1946 but was divorced in about 1959. He has one son from this marriage. It is now heard that he has married again in about 1963 to Jamilla Bourhead, the famous Algerian prisoner who was sentenced to death but was given a reprieve. He defended her during her trial.

Personal Habits

Verges was a prominent student in Paris and was from the very beginning a very good debator. He is a charming conversationist and can keep any audience completely enraptured by his talk. He has been extremely popular with all groups and particular with females. He is very fond of eating well. He takes spicy food which would put even an Indian to shame. He drinks very little, works late hours, sleeps long in the mornings. He has an artistic temperament and good taste.

Career

In about 1950 Verges started working in the International Union of Students in Prague. There he was Secretary of I.U.S. and later also of International Students' Relief which was formed in 1950 or less in his time. He remained there till 1954. After this he returned to Paris and studied to get his law degree. From about 1955 to 1962 he worked as a lawyer in France. As a lawyer he rose to prominence immediately. He was elected to the first Secretaryship of the French Young Lawyers' Body, which is a post of academic distinction. From the very beginning Verges started taking political cases of those who were accused in the various French colonies of "sedition". He was adopted by the F.L.N. of Algeria as the Chief of the Legal Defence Bureau in Paris. He conducted several famous trials including that of Jamilla and at the same time carried on the campaign for Algerian independence in France and elsewhere. For

some time he was in trouble at the hands of the political groups opposed to Algerian independence. He was provided a guard outside his house and for a little while had even to leave France to live in Geneva because of fear for his life. Even in the legal defence that he conducted, the basis was entirely political. He was all this period subscribing to an extremist view which may be called ultra-revolutionary. For example, in his legal defence his theory was always to justify an act of killing by an accused on the ground that it was part of a war of independence.

Almost from the very beginning and in any case from 1951 Verges had serious difference with the French C.P. He considered them to be reformists and accused them of being cowardly in their support to the Algerian revolution. He was never a member thereof in this period and often worked against them.

In 1962 he shifted to Rabat as Political Adviser to the King. He was very friendly with a Senior Minister, "Ahmad", and his post in Rabat was brought about by the Minister. However, it appears he did not continue long in this post and was back in Paris in 1963. Now he is the Chief Editor of a political monthly journal called "Revolution". He is also reported to be the head of the China Lobby in Paris.

3. When GIBSON was removed from his position as [redacted] he and his wife were owed a substantial sum in arrears of salary. Jacques VERGES made no attempt to pay these arrears with the result that [redacted] took legal action and received judgment in their favour early in September for a sum in excess of £1,500. GIBSON expects that VERGES will be unable to pay this sum or to meet other debts and that he will be declared bankrupt. GIBSON hopes that it will then be possible for Eric ANDERSON, the Swedish printer of the English edition, to take over both the English and French editions.

4. [redacted] (Because of his financial difficulties with "AF, Lat Am, Asia Revue" JACQUES VERGES has had to give up the tenancy of the Paris office of the publication at rue Francois 1er, and has moved to 32 rue Calende, Paris 5e. Richard Gibson expects he will be declared bankrupt.)

Please note JAGUAR's caveats on the use of the material.</p> <p>2. SWIMPISH also remarked to me, on one recent occasion, that he had learned that Richard GIBSON had been expelled from the staff of Revolution (as is indicated here), but the reason that SWIMPISH gave was that GIBSON had been accused of working on behalf of "subversive" elements, which SWIMPISH implied to mean KUBARK. Maybe SWIMPISH was speculating on or misquoting this JAGUAR report. I haven't been able to go back to SWIMPISH on this, because he has subsequently gone on leave.</p> <p>3. "AFRICA, LATIN AMERICA, ASIA REVOLUTION"

201-180164

Reports received from a number of sources make it clear that "Africa, Latin America, Asia Revolution" has been in difficulties for several months and it appears that the last issue was No. 11 dated March 1964. The trouble began, apparently, when the French authorities seized copies of issue No. 7 of the French edition, "Revolutions", dated March 1964 because of an article it contained on French overseas territories. Creditors became alarmed, fearing that the publication might be banned, and demanded settlement of their debts which were then estimated to exceed £10,000. Jacques VERGES, the publication's Director, tried to effect administrative economies in order to cope with the situation but according to VERGES, Richard GIBSON, the [redacted] argued that the Chinese should be asked to pay the debts. Matters worsened when, again according to VERGES, GIBSON persuaded the Lausanne printer to write to Peking and ask the Chinese to settle the publication's debt to him. VERGES regarded GIBSON's activities as deliberately disruptive and designed to produce proof of China's support for the publication.

201-37115

2. Also, VERGES complained that GIBSON was working for Communist splinter groups in Europe to the detriment of the international Communist movement, and that he was dealing tactlessly with the magazine's agents and contributors. The situation was such that VERGES visited the U.K. in mid-July to discuss the position with BAHU, a member of the Editorial Board. BAHU, who is now Minister of State for Development Planning of the United Republic of Tanganyika and Zanzibar, was in London for the Commonwealth Prime Ministers' Conference.

3. In July 1964 there were rumours that the English edition had gone bankrupt but these were denied by GIBSON who suggested that the English and French editions should be made quite separate, and that the former should be published in London. At about this time the split between VERGES and GIBSON became complete and the latter was removed from his position [redacted] which issued the following "warning":

"Comrades from New York, London and Accra (Ghana) have raised up grave charges against Richard GIBSON. These charges have been confirmed and underlined by Richard GIBSON's present disruptive activities. Revolution's Editorial Board has decided to dismiss Richard GIBSON from all his responsibilities and expell him [redacted]

"From now on, Richard GIBSON's activities can not in any way engage the responsibility of the review in all its editions.

for the Editorial Board"

A similar statement was published in "Revolutions" No. 10-11 dated July-August 1964.

< JACQUES VERGES (201-180164) DIRECTOR OF AFRICA, LATIN AMERICA, ASIA REVOLUTION, EXPELLED RICHARD GIBSON EDITOR, BECAUSE LATER ARGUED THAT CHINESE/4. WITH GIBSON... SHOULD BE ASKED TO PAY THE DEBTS OF PUBLICATION. >

4. With GIBSON out of the way, VERGES and his supporters were hoping to resume publication of the English edition. GIBSON also seemed determined to carry on and it has been reported that as early as June 1964 he was enquiring into the possibility of publishing an English version in the Netherlands.

5. The only other change of significance which has occurred during 1964 has been the resignation from the Editorial Board of Hamza ALAVI who objected to the publication's pro-Chinese attitude. Issue No. 11 of "Africa, Latin America, Asia Revolution" shows that he was replaced by another Pakistani, the 78 year old Maulana Abdul Hamid Khan BHASHANI. BHASHANI, who lives in East Pakistan, is the leader of the National Awami Party.

AFRICA, LATIN AMERICA, ASIA
REVOLUTION

Origins

The monthly publication "Africa, Latin America, Asia Revolution" is the successor to "African Revolution" which was the monthly English digest of the Algerian weekly "Revolution Africaine". "Revolution Africaine", which is published in French, first appeared in February 1963 with the declared aim of helping to build socialism in Africa. In order to increase its effectiveness it began to publish a monthly edition, "African Revolution", consisting largely of material selected from previous issues of "Revolution Africaine". The editorial office of "African Revolution" was established in Lausanne, Switzerland by March 1963 and the first issue appeared two months later.

2. When the first editor of "Revolution Africaine", Jacques Mansour-VERGES, was replaced by Mohamed HARBEL in May 1963, he left Algiers and took control of "African Revolution" in Lausanne. After two issues had been published the connection between it and "Revolution Africaine" was severed and "African Revolution" became "Africa, Latin America, Asia Revolution". In December 1963 the editorial board moved from Lausanne to Paris, and the publication now appears monthly in English and French, although the two editions are not identical. The former is printed in Switzerland and the latter, which carries the title "Revolution", is printed in Paris.

Editorial Policy of "Africa, Latin America, Asia Revolution"

3. The Editorial "Europe too . . ." in issue No. 8 (December, 1963) urged the European working-class movement to take up the revolutionary struggle. Thus "Africa, Latin America, Asia Revolution" made it clear that it intended its message to have a world-wide application. At first, however, it had directed its attention to the destruction of colonialism in Africa and the establishment of national independence and socialism, and had later acknowledged the logic of its arguments by changing its title to "Africa, Latin America, Asia Revolution".

4. To begin with, "Africa, Latin America, Asia Revolution" did not give the impression that it was advocating any particular brand of socialism. The Editorial on "Ideology" in issue No. 3 acknowledged the existence of various types of socialism in Africa and recognised that they were based on the "profound logic of experience". In time, however, it became increasingly apparent that the publication was lending its support to the Marxist-Leninist theory of revolution, and the Chinese Communist interpretation of it. The principal article in issue No. 7 (November, 1963) which had the anodyne title "Third World? Which Third World?", was largely an exposition of the Chinese Communist attitude towards the national liberation movement, drawing material and inspiration from the Chinese Communist Party's document "A proposal concerning the general line of the International Communist Movement". (This was the latter, dated 14th June 1963, from the Central Committee of the Chinese Communist Party to the Central Committee of the Communist Party of the Soviet Union; it is a major document in the ideological dispute between the two parties.) The article contained the following quotation from the Chinese letter:

"The various types of contradictions in the contemporary world are centred in the vast areas of Asia, Africa and Latin America; these are the most vulnerable areas under imperialist rule and the storm-centres of world revolution dealing direct blows at imperialism."

/As if . . .

SECRET

- 2 -

As if to emphasize the extent of Chinese influence in the publication's policies and at the same time to denigrate those Communist Parties which supported the Soviet line, the Editorial in issue No. 8 referred scornfully to "the proponents of the peaceful road to socialism" and the "treason of the revisionists", and proclaimed the end of the "isolation in which revolutionary Marxists have been held because of the revisionism of the leaderships of the Communist parties". Clearly, therefore, "Africa, Latin America, Asia Revolution" supports the Chinese Communist argument that it is most unlikely that socialism can be achieved by peaceful means.

5. "Africa, Latin America, Asia Revolution" has for the most part shunned theoretical discussion, although issue No. 9 (January, 1964) has a heavier ideological content than previous issues. It has made its appeal in extremely practical terms: its range of subjects has been wide and by no means confined to politics. Appendix A contains a list of the articles, and the names of their authors, which have appeared in issues 1 - 2 of "African Revolution" and issues 3 - 9 of "Africa, Latin America, Asia Revolution".

Chinese Support and Influence

6. When VEROES was in Peking in the early part of 1963, the Chinese agreed to take out 3,000 subscriptions to "African Revolution" and these were in due course transferred to "Africa, Latin America, Asia Revolution". It is quite likely that this was a form of subsidy and, initially, when the publication sold for 5s. Od., it was worth £750 a month. An article in "Newsweek" dated 9th March 1964 refers to a report that the Chinese Embassy in Berne provided the publication with £25,000 in 1963. In addition, each issue has contained at least one full page advertisement of Chinese Communist publications. In these circumstances, it is not surprising that it has been stated that the Chinese are in a position to control to some extent what appears in "Africa, Latin America, Asia Revolution" but no clear, reliable information is available to show how this is done. The publication has also had contact with the Chinese through Abdul Rahman Mohamed BABU, a member of the Editorial Board who is now Minister for External Affairs and Trade in Zanzibar. He visited China in 1960, became the East African correspondent of the New China News Agency in 1961 and went to China again in October 1963.

Cuban Support

7. A Spanish edition of the publication was envisaged as early as May 1963 and it has been reported that members of its staff have been in touch with Cuban diplomats in Europe with a view to the latter editing the proposed Spanish edition. There is however, no confirmation that it has yet been published in Spanish. It may be that this Cuban connection was of assistance in providing the pictures of the Cuban revolution which appeared in issue No. 3 (July, 1963).

Contact with the Communist Splinter Group in the U.K.

8. By the end of 1963, "Africa, Latin America, Asia Revolution" had established contact with the Communist splinter group in the U.K. which is sympathetic to the Chinese line in the Sino-Soviet dispute. Publications of this group - the British Committee to Defeat Revisionism, for Communist Unity - were advertised in issues No. 8 and 9. An article on "The Fight Against Revisionism" by Michael McCreery the leader of the group was published in issue No. 9.

10. Secret sources have reported that the Business Manager of "Africa, Latin America, Asia Revolution" is Nils ANDERSON, a Swede, and the Legal Adviser Bernard Arthur HARDER, a U.K. lawyer whose main task is to check proofs. Brief pen-pictures of some of the individuals prominently concerned with the production of the publication are given in Appendix B, from which it will be seen that, of the ten persons named in this paragraph and paragraph 9, at least three are Communists and two Communist sympathisers. Appendix C contains details of the Editorial Office and Agencies.

Publication and Circulation

11. "Africa, Latin America, Asia Revolution" is published by Nouvelles Editions Internationales and is printed in Switzerland. The circulation of the English edition is believed to be about 20,000 while that of the French edition, which is printed in France, may be as much as 50,000. The English edition is given a world-wide distribution.

The following information was received in the first half of October 1964 from a source in close touch with Richard GIBSON, the former Editor of "Africa, Latin America, Asia Revolution".

2. GIBSON was aware that a number of people had thought that the Chinese Communists had provided some financial backing for "Africa, Latin America, Asia Revolution", but this was true only to the extent that the Chinese had a standing order for 3,000 copies of each issue of the English edition. If the Chinese had given more general financial assistance VERGES, the publication's Director, would not have had to contend with the present financial difficulties and possible bankruptcy.

3. VERGES had had access to a relatively large sum of money which had been held in Switzerland from the time of the Algerian war of independence. When this had dried up VERGES had been unable to replenish it. Reports that VERGES had stolen this money were not true.

4. The publication owed 40,000 Swiss francs to a business-man, possibly Swiss, named KESSEL and 30,000 francs to the French printers. In GIBSON's view too much money had been spent on maintaining prestige offices at 40 rue Francois 1er, Paris.

5. When "Africa, Latin America, Asia Revolution" was banned in Switzerland all except 100 copies of issue No. 12 were seized by the Swiss authorities. These 100 copies had already been sent to GIBSON.

6. The French edition "Revolution" has not appeared since August 1964.

LOPIT Draft of Round-up on Espionage

REF: OELA-42,304, 3 January 1965

1. As noted in Ref, action was taken during one of LOPIT's bi-weekly meetings that I did not attend, of a "round-up in preparation". The apparent antecedent was Richard Thomas DICKER, and I undertook to find out from LOPIT just what was what.

2. As it turns out, LOPIT was preparing a round-up of information on espionage, rather than on DICKER. In response to my somewhat agitated query (due to recent traffic relating to DICKER, in particular), LOPIT rushed forth with the rough draft of their round-up, which is attached. They point out, however, that this draft is completely unclassified; it has not made the rounds of the responsible political departments and should not be regarded as a final product. In addition, it should be noted that it is intended, when completed, only for circulation within the ESPIONAGE government - principally in overseas elements - and not for general publication.

3. LOPIT, after expressing the foregoing qualifications, invite any contributions that KUBARK would like to offer. The substance of the round-up seems to offer little room for controversy, although KUBARK/ICG may be able to contribute additional information. We also wonder whether the English-language edition has made any impact in the Eastern Hemisphere.

4. We assume that the appendix of personality data will be forwarded to us along with the final draft, or the final edition.

REVOLUTION

1. During the past year Revolution and the English Africa Latin America Asia Revolution have undergone several important changes. For a time during the past year it was reported that the publication was in financial difficulties but in the most recent French edition, No. 12, dated October/November it was announced that the magazine would continue on a new basis, with an enlarged Advisory Board, appearing every two months, not only in an English and a French edition but also in a coming Spanish edition to be published in Bogota for Latin America.

2. The changes which are being made do not in any way alter the pro-Chinese complexion of the magazine. Though the magazine now seems on a much firmer financial basis, there is as yet no evidence that the Chinese are directly subsidizing it. They are however buying copies and taking advertisements. It has been reported that when Verges was in Peking in the early part of 1963, the Chinese agreed to take out 3,000 subscriptions to "Africa Latin America Asia Revolution" and these were in due course transferred Africa Latin America Asia Revolution. When the publication sold for five shillings, this was worth £750 a month. Each issue has contained at least one full page advertisement of Chinese Communist publications.

3. The publication has also had contact with the Chinese through Abdul Rahman Mohamed Babu, a member of the Advisory Board who is Minister for Commerce and Co-operatives in the Tanzanian Government. Babu visited China in 1960, became the East African correspondent of the New China News Agency in 1961, and went to China again in October, 1963.

4. By the end of 1963, Revolution had established contact with the Communist splinter-group in the UK, led by Michael McCreery, which is on the Chinese side in the Sino-Soviet cold war.

The French Edition

3. Entitled Revolution, this is now published in Paris by S.A.R.L. Nouvelles Editions Internationales, 79, rue Galande - Paris 5^e. The first issue of Revolution in September, 1964, was published at 40, rue François 1^{er} - Paris 8^e, printed by "La Cite", Louzanne, Switzerland, but bound by Editions, France. Then in the spring, the Director, Jacques H. Verges, had run into financial difficulties, he found cheaper premises for his editorial office at 52, rue Galande - Paris 5^e and with No. 10/11 of July/August changed his printers to Offset-Presses. It seems that Revolution was in financial difficulties for several months. The trouble began, apparently, when the French authorities seized copies of issue No. 7 of the French edition of March 1964 because of an article it contained on French overseas territories. Creditors became alarmed, fearing that the publication might be banned, and demanded settlement of their debts which were then estimated to exceed £10,000. he Editorial Board 201-170164
Under the new arrangements Jacques H. Verges remains editorial Director, with the following as Advisory Board ("Collaborateurs permanents"). New-comers to the Board since the last issue in 17/August are marked with asterisks.

by ...

by Maulana Abdul Hamid Khan Hashmi also from Pakistan.

It was reported that Kassa Alavi resigned because of his objection to the publication's pro-Chinese attitude. An important further change came with the appearance of issue No. 10/11 last July in which was prominently published a "Communique"

announcing the dismissal from the Advisory Board of Richard Gibson of U.S.A. The Communique accused Richard Gibson, who

is an American Negro, of having "used his former position as secretary to the "Fair Play for Cuba Committee" to infiltrate the International Revolutionary Movement". Some details of personalities are given at appendix.

appendix to follow

7. In Revolution No. 12 it is claimed that the total issue of the new and enlarged bi-monthly magazine, including French English and Spanish editions, will be 50,000. However, since his dismissal, Richard Gibson has stated that, during his time on the magazine, while about 20,000 copies of the French edition were printed, the top sale of any issue was never more than 7,500 copies. In the case of the April No. 8 issue, he says that the total sale in France was 3,000 copies. The prices of Revolution are given as: Africa: 2.5 dirham, 2.5 dinars, 150 C.F.A. Europe: 4.50 Francs. This represents a 15% increase in the price of the French edition. But this is accompanied by a lowering of the price by 35% in countries of Africa, Asia and Latin America. Those taking out annual subscriptions are informed that they are entitled on request not only to make use of Revolution's Documentation Centre of International Workers' Movement and the Struggle for National Liberation, but also to free copies of the magazine Peking Information. Those taking out a long-term subscription now will also be entitled to "publications in foreign languages from Peking".

8. A main feature of issue No. 12 is a leading article by Jacques Verges entitled "Hiroshima, plus jamais!" Possibly by coincidence, this was published at the same time as the

First ...

first Chinese nuclear device was exploded.

9. The Russian view of Revolution was made clear in Pravda on June 3 in an article attacking China, containing the following passages: "fractionist groups ... are also involved in the publication in several languages, with Peking's help, of a new 'international' journal with the high-sound title of Revolution."

The English Edition

10. Now entitled Africa Latin America Asia Revolution, the English edition was originally published in Algiers with the title African Revolution. From the third issue onwards it was published in Lausanne as Africa Latin America Asia Revolution. In issue No.7 of November 1963, it was announced that the editorial offices were then located in Paris, with the offices of the French edition, but it continued to be printed in Switzerland. In August, 1964, the Swiss Government banned the "printing edition and the transit" through Switzerland of the English edition because they considered Africa Latin America Asia Revolution "an organ of propaganda of the Chinese Communists, designed for non-European countries, which does not limit itself to supporting the liberation struggle of the so-called colonial peoples but also propagates the political views of Red China".

11. The last English issue in the old series which has come to hand was No.11 of March. The first in the new series, No.1 Vol.II dated September/October is published in Paris by S.A.R.L. Nouvelles Editions Internationales, from the same address as the French Edition, 52, rue Galande - Paris 5^e. This English edition, which was previously similar in format to Readers Digest, is now glossy and similar in format to the French edition. Most of the articles in it are re-printed from the French edition of Revolution.

The Editorial Board

12. As with the French edition, the Editorial Director remains Jacques M. Vergès, with the same Advisory Board except except

that Amilcar Cabrera - Venezuela - is not included and there are two members not listed on the French Board - New Zealand - a member of the Peace Liaison Committee of the Asian and Pacific Regions, and A.S. Thayer of the Union.

13. Prices of this new edition are given as follows: Africa: 2 shillings; America: 75 cents; Europe: 5 shillings, 3.50 Francs.
